Thinking About Clinical Legal Education Omar Madhloom, Hugh McFaul, 2021-11-25. *Thinking About Clinical Legal Education* provides a range of philosophical and theoretical frameworks that can serve to enrich the teaching and practice of Clinical Legal Education (CLE). CLE has become an increasingly common feature of the curriculum in law schools across the globe. However, there has been relatively little attention paid to the theoretical and philosophical dimensions of this approach. This edited collection seeks to address this gap by bringing together contributions from the clinical community to analyse their CLE practice using the framework of a clearly articulated philosophical or theoretical approach. Contributions include insights from a range of jurisdictions including Brazil, Canada, Croatia, Ethiopia, Israel, Spain, UK, and the US. This book will be of interest to CLE academics, clinic supervisors, practitioners, and students. Adjustment and Growth, with eBook
