Off the Hook Earl Wayne Heflinger,2018-03-15 The author uses his own personal storyof being born into a Christian fundamentalist family with extreme beliefsto paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their churchs teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the worldall by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle

with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the authors advanced education and professional experience in business and government in analyzing and developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power

Coming Out of the Illusion Christopher Link, 2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one's head must come to an end It doesn't matter how screwed up your life has been with a rough childhood or now as an adult I have learned that our life experiences no matter how terrible don't have to shape who we are or who we become For instance I personally was in and out of foster homes from about age four to eighteen I had to overcome tremendous obstacles to bring this book to you The number one lesson for everybody is When you get knocked down get up again and stand a little taller than you did before until your foundation is unbreakable Something More where is it I think everybody at one point or another has asked themselves this Looking up at the stars in wonderment at a very young age is where it all begins All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth There are plenty of indicators such as Violence and war domination and hate racial profiling and human suppression working for survival and fighting over resources and or the need for money debt creation These things are part of our collective third dimensional consciousness and are no longer necessary as we advance mature together So what are we looking for What is the true reality How can we better ourselves How do we awaken to and find our true self again Where is the love joy grace morals

Robertson,2016-02-25 How and why were UFOs so prevalent in both conspiracy theories and the New Age milieu in the post Cold War period In this ground breaking book David G Robertson argues that UFOs symbolized an uncertainty about the boundaries between scientific knowledge and other ways of validating knowledge and thus became part of a shared vocabulary Through historical and ethnographic case studies of three prominent figures novelist and abductee Whitley Strieber environmentalist and reptilian proponent David Icke and David Wilcock alleged reincarnation of Edgar Cayce the investigation reveals that millennial conspiracism offers an explanation as to why the prophesied New Age failed to arrive it was prevented from arriving by malevolent hidden others Yet millennial conspiracism constructs a counter elite a gnostic third party defined by their special knowledge An overview of the development of UFO subcultures from the perspective of religious studies UFOs Conspiracy Theories and the New Age is an innovative application of discourse analysis to the study of present day alternative religion In the Nick of Time Dr. Sherry L. Meinberg,2016-07-08 Coincidences synchronicities and dreams bear marked similarities They often catch us off guard and we tend to easily discount them without giving them much thought The signs and symbols involved are considered to be guideposts for the wise as they each hold much meaning and significance if we are open and receptive to their messages Spiritual Cancer Miriam A.
