Your Faith David Bena, 2003-09 Working to reinvigorate our understanding of our faith Bena Bishop Suffragan of the Diocese of Albany develops a careful analysis to diagnose our underlying assumptions and spiritual development and to re examine how these fit with the churches where we worship and learn Through exploring whether our church emphasizes memorial memory or miracle Bena guides us down a path of change and growth in our ability to receive and spread God s love Ideal for group study

The Honest to God Church Doug Bixby, 2007-06-27 Doug Bixby knows that many of us have had enough of the liberal vs conservative battles in the church In *The Honest to God Church* Bixby demonstrates how these extremes have distracted us from our true calling as conduits for God s grace both individually and as congregations Many churches see themselves as okay while everyone outside the church is not okay These churches embrace an ethic of perfection rather than love Often they are very judgmental and rigid little room exists for grace after a person is converted Legalism rather than love becomes the primary defining characteristic people pretend to be perfect even though they are not In reaction to this approach many churches have replaced judgmentalism with an ethic of tolerance But tolerating someone is not the same thing as loving them Tolerance demands only that we give people space Love is deeper and more significant and demands that we enter into their space Besides if on our own we are okay then why do we need God and one another Bixby recommends we embrace the teaching of Martin Luther that we all are saints and sinners simultaneously Churches that do this raise disciples who readily admit their sin and brokenness and see God s grace as the only means for straightening out their lives Bixby encourages all congregations to live this way authentically and

transparently so that we do not have to pretend that we are okay when we are not Bixby challenges us to respond to Jesus's call to come as we are not as we think we ought to be *The Living Church*, 1967 **The New Age of Soul** Ray S.

Anderson, 2001-11-27 In *The New Age of Soul* the broad appeal of new age spirituality is identified and defined with special attention to the claim that the soul may be understood as both the repository of divine energy and a source of spiritual healing and hope Through dialogue with sources and perspectives on the spiritual nature of the soul the book attempts to win the respect and appreciation of the reader already persuaded by the claims and benefits of new age spirituality while at the same time convincing the reader who has suspicions and concerns about new age spirituality that a better alternative may be found The book thus has a two fold purpose first to expose the inadequacy indeed the superficiality of new age spirituality through this dialogue and discussion attracting the attention and interest of the reader already influenced by this genre Second the author makes a case for a more traditional orthodox and biblical view of the soul and human spirituality so that the reader who is inclined toward new age spirituality will rediscover the more traditional biblical content of the soul and spirituality while providing the committed more traditional Christian reader a tool by which to communicate a biblical faith with the growing segment of our population attracted toward new age spirituality In its own way this book is an apologetic for a more traditional Christian theology of human spirituality and self identity presented in a positive dialogue with new age spirituality **Pastor's Annual 2011** T. The Born-again Christian Catalog William Proctor,1979 **Pastoral Theology in the Baptist Tradition** R. Robert Creech,2021-10-26 A veteran Baptist pastor and ministry professor offers a distinctive free church vision for pastoral leadership attending to voices from the past four centuries as they speak about the practice of ministry The book contains theological reflection on current ministry issues among Baptists based on biblical and historical foundations and reflects a diversity of Baptist life across time and around the world including many different voices Each chapter contains reflection questions to help readers consider the implications of Baptist thinking Outgrowing Church, Second Edition John Killinger,2019-10-23 Why are so many people drifting away from today s churches John Killinger suggests that part of the problem is that they have personally outpaced the thinking and understanding of the church so that they no longer find it adequate as a social structure for the celebration of their faith In their attempts to find Jesus and his teachings relevant within the new culture they strike out on their own or adhere to para Christian organizations that retain an allegiance to Jesus without the baggage of the traditional institution Killinger a former big steeple minister and theologian describes how he himself has been forced essentially to abandon the church in order to remain faithful to the beliefs and ideals that first drew him into it **Radical Renewal** Howard A. Snyder,2005-08-08 This updated best seller challenges the reader to examine the current church structure If you have never read this classic you have missed a treasure chest of information and wisdom from one of the most respected authors of our time Wine the gospel of Jesus Christ and Wineskins the man made structures of the church How do the two relate What happens when new wine is poured into old wineskins What about making new wineskins In short What kinds of church structures are most compatible with the gospel in our modern techno urban society Snyder addresses these questions and provides some challenging answers In the course of his argument he discusses the fellowship of the Holy Spirit the mind of Christ the role of spiritual gifts the pastor as a superstar and renewal that is deeply spiritual and immediately practical *Glorious Mess* Mike Howerton,2012-02 Dynamic communicator and pastor explores God s relentless love for imperfect people and how he works through them in spite of their mistakes and failures **Churchianity** , Author Ronald Seaman is writing Churchianity as a solemn and compelling critique of the organized Christian Church He highlights and explains the primary cause of most of the spiritual apathy which have

characterized local churches since the Fourth Century The root cause involves a fundamental change in church pastoral ministry which the author believes has produced disastrous spiritual results through the centuries The author portrays the young Christian Church in its first three centuries as prospering spiritually in spite of severe persecution These early believers met informally in homes as to nurture and disciple each other and enthusiastically evangelized everyone they met Understandably Satan was not happy To frustrate and checkmate this spiritual vitality the Devil devised a clever strategy He took advantage of church leaders willful disobedience of Biblical teaching Read Churchianity and become acquainted with Satan s strategy and its success in transforming the vigor and enthusiasm of the Early Christian into the tragedy and sadness of spectator Christianity and consider and evaluate the author s solution for restoring lay biblical pastoral ministry in local churches **A Hunger for Healing** Keith Miller,1991 This series is designed for people Christian and non Christian who feel some deep and persistent pain and discomfort rather than only for those who are purely seeking a deeper knowledge of God
