The Way of the Explorer (Volume 2 of 2) (Easyread Super Large 24pt Edition), Pedagogic Research in Geography Higher Education Martin Haigh, Debby Cotton, Tim Hall, 2017-10-02. There are many books about teaching in Geography, but this is the first dealing specifically with Pedagogic Research, its methods and practices. Pedagogy research concerns the processes of learning and the development of learners. It is a learner-centred activity that aims to evaluate and improve the ways that students learn and learn to manage control and comprehend their own learning processes, first as Geographers in Higher Education but equally as future educated citizens. This book collects together some key research papers from the Journal of Geography in Higher Education. They concern original research and critical perspectives on how Geographers learn, critical evaluations of both new and traditional frameworks and methods used for Pedagogic research in Geography, and some case studies on the promotion of self-authorship, learner autonomy in key Geography Higher Education contexts such as fieldwork and undergraduate project work. This book is a compilation of articles from various issues of the Journal of Geography in Higher Education.

Mind Over Matter Kit Pedler, 2023-10-09. First published in 1981, *Mind Over Matter* stems from Kit Pedler's TV series of the same name and is an engrossing, open-minded survey of all aspects of the paranormal. It controversially suggests that metal bending, telepathy, precognition, and out-of-body experiences may not after all be the domain of frauds alone. Although criticised over the years, the book still fills the readers with creativity and wonder and maybe even provides some explanation for inexplicable events in life.

Optimal Parenting Ba Luvmor, 2006-05-04. This book instructs parents in how to create well-being in all stages of their children's lives. Combining compelling insights with practical applications based on 25 years of experience, *Natural Learning Rhythms* is poised to be the parenting style for cultural creatives.

The Mystic Heart Wayne Teasdale, 2010-10-06. Drawing on experience as an interreligious monk, Brother Wayne Teasdale reveals the power of spirituality and its practical elements. He combines a profound Christian faith with an intimate understanding of ancient religious traditions.

The Secular Religion of Franklin Merrell-Wolff Dave Vliegenthart, 2018-01-16. In *The Secular Religion of Franklin Merrell-Wolff: An Intellectual History of Anti-Intellectualism in Modern America*, Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell-Wolff (1887-1985), who combined secular and religious sources from eastern and western traditions in order to

elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present

Meditation for the Modern Man P. K. Sholapurwala, 2015-05-18 The book gives detailed knowledge about what meditation is and what it is not It defines the fine nuances and intricacies of the art of meditation and points the reader to the true path of conscious evolution building a higher self awakening self awareness and self analysis It stresses the fact that meditation can lead to transmutation of the self it can be a form of therapy or cleansing and ultimately leads to living a good life out of free will The word cognitive meditation is used to explain in detail the cognitive abilities of nonself awareness and their limitations It further goes on to explain the perception achieved by self awareness or the I The book has a separate section on meditation techniques and gives a point by point method which can be followed to achieve success A lot is explained about the obstacles faced during developing this meditation technique and elaborate examples and solutions are explained to overcome the same A detailed explanation of the differences between cognitive meditation and other meditation techniques and goals is presented in an easy to understand format Cognitive meditation is more scientific in nature not scrambled with religion and hence the author feels more suitable for the modern society
