Evolution of Spirits What is the Reason for Being Here in This Creation By Bahram Esmailzadeh M Sc What is the reason for being here Unlock the answer in The Evolution of Spirits In this intriguing follow up to his first book Understanding the Creation Esmailzadeh introduces a general theory for the creation evolution and destiny of all spirits The Evolution of Spirits directly deals with variety of spiritual phenomena and yet it is not related to any of the religions or philosophies It reveals the authors curiosity his extensive research and persistent personal contemplations on various spiritual phenomena This book raises the most important question What is the reason for being here Esmailzadeh sheds light on this very matter In this comprehensive blueprint he demonstrates how everything began the objectives that must be met and how spirits may eventually accomplish their ultimate and common task He begins by explaining the creation of the physical and the spiritual worlds and the specific laws that govern them He follows with a discussion on how spirits evolve as they go through their evolutionary path He tells what will eventually become of all spirits the physical world and the spiritual world By applying the proposed theory Esmailzadeh also provides consistent explanations for a variety of spiritual phenomena such as overlapping past lives power of thought spiritual healing states of dreaming trance and coma sleep paralysis spiritual guides wandering and escorting spirits evil eye and witchcraft prophesying and fortune telling sexuality animal languages psychopaths seizures cravings multiple personalities possessions and exorcism ghosts and apparitions astrology as well as inspiration imagination intelligence instincts curiosity memory conscience and of course the source of the ever growing number of human spirits Thought provoking and thoroughly engaging The Evolution of Spirits clarifies issues that have challenged mans intelligence since the beginning of time *The Fruit of the Spirit* Al L. Holloway, 2008-11 Though the schism of valuing spirituality with respect to social work practice has lessened over the years there continues to be a gap in our understanding as to exactly what spirituality is and how one might incorporate it within social work practice It is my contention that social workers should not only be incorporating spirituality within their practice but also they should become spiritual exemplars themselves *Fruit of the Spirit A Primer for Spiritually minded Social Workers* provides some provocative notions that will spur the reader forward on his her spiritual development It introduces to the reader the notion of spiritual differentiation from the animalistic notion of self which I describe as the indifferent heart realm to the development of humanistic principles craving heart realm to the ultimate experience of our purposeful journey of being fully cognizant of our spiritual selves pure heart realm This process is exemplified with a gardening metaphor which the reader can progress from seeding awareness of one s spiritual self and the sowing of spiritual seeds weeding the structure and care of developing our spiritual selves and the harvesting the ingesting and granting of spiritual fruits that has been produced Traditional knowledge of social work practice helps to elucidate the student whereas embracing spiritual principles is about transforming and transcending the student to higher levels The fruits that are gathered are the attributes of God e g love peace goodness etc There are exercises at the end of each chapter that will assist the reader in developing his her spirituality *Seed of Glory Journeying with the Holy Spirit*
