**Charles Townshend**

## **The Stern Gang Ideology Politics And Terror 1940 1949:**

*The Stern Gang* Joseph Heller, 2012-12-06 This study of The Stern Gang attempts to demythologize the image of this extremist Zionist underground group The book analyzes the party's split from the Irgun Zvai Leumi National Military Organization and its attempts to synthesize the politics and ideals of the right and left [The Triumph of Military Zionism](#) Colin Shindler, 2009-11-30 Why did Israel shift from a state based on pioneering egalitarianism and making the desert bloom to one which is chiefly known for its military prowess The Triumph of Military Zionism examines Israel's shift to the right at the hands of Menachem Begin the supposed disciple of Vladimir Jabotinsky Shindler's book uses original research to challenge the conventional wisdom that Begin was the natural heir to Jabotinsky He demonstrates through hitherto unpublished sources how Israel drifted away from Jabotinsky's ideas towards a maximalist Zionism because Begin's very selective interpretation of his mentor's words did not reflect Jabotinsky's intentions This invaluable addition to the study of Israel's political history will appeal to both Middle Eastern and military historians **Threats to Homeland Security** Richard J. Kilroy, Jr., 2018-02-26 Addresses threats to homeland security from terrorism and emergency management from natural disasters Threats to Homeland Security Second Edition examines the foundations of today's security environment from broader national security perspectives to specific homeland security interests and concerns It covers what we protect how we protect it and what we protect it from In addition the book examines threats from both an international perspective state vs non state actors as well as kinds of threat capabilities from cyber terrorism to weapons of mass destruction and from a national perspective sources of domestic terrorism and future technological challenges due to globalization and an increasingly interconnected world This new edition of Threats to Homeland Security updates previous chapters and provides new chapters focusing on new threats to homeland security today such as the growing nexus between crime and terrorism domestic and international intelligence collection critical infrastructure and technology and homeland security planning and resources as well as the need to reassess the all hazards dimension of homeland security from a resource and management perspective Features new chapters on homeland security intelligence crime and domestic terrorism critical infrastructure protection and resource management Provides a broader context for assessing threats to homeland security from the all hazards perspective to include terrorism and natural disasters Examines potential targets at home and abroad Includes a comprehensive overview of U S policy strategy and technologies for preventing and countering terrorism Includes self assessment areas key terms summary questions and application exercises On line content includes PPT lessons for each chapter and a solutions key for academic adopters Threats to Homeland Security Second Edition is an excellent introductory text on homeland security for educators as well as a good source of training for professionals in a number of homeland security related disciplines [Terrorism: A Very Short Introduction](#) Charles Townshend, 2018-05-17 Is one person's terrorist another's freedom fighter Is terrorism crime or war Can there be a War on Terror For many the terrorist attacks of

September 2001 changed the face of the world pushing terrorism to the top of political agendas and leading to a series of world events including the war in Iraq and the invasion of Afghanistan. The recent terror attacks in various European cities have shown that terrorism remains a crucial issue today. Charting a clear path through the efforts to understand and explain modern terrorism, Charles Townshend examines the historical ideological and local roots of terrorist violence. Starting from the question of why terrorists find it so easy to seize public attention, this new edition analyses the emergence of terrorism as a political strategy and discusses the objectives which have been pursued by users of this strategy from French revolutionaries to Islamic jihadists. Considering the kinds of groups and individuals who adopt terrorism, Townshend discusses the emergence of ISIS and the upsurge in individual suicide action and explores the issues involved in finding a proportionate response to the threat they present particularly by liberal democratic societies. Analysing the growing use of knives and other edged weapons in attacks and the issue of cyberterror, Townshend details the use of counterterrorist measures from control orders to drone strikes including the Belgian and French responses to the Brussels, Paris, Nice and Rouen attacks.

**ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable.

*Politics and Government in Israel* Gregory S. Mahler, 2016-03-03 This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives. After briefly discussing Israel's history and the early development of the state, Gregory Mahler then examines the social, religious, economic, cultural and military contexts within which Israeli politics takes place. He makes special note of Israel's geopolitical situation of sharing borders with and being proximate to several hostile Arab nations. The book explains the operation of political institutions and behavior in Israeli domestic politics including the constitutional system and ideology, parliamentary government, the prime minister and the Knesset, political parties and interest groups, the electoral process and voting behavior and the machinery of government. Mahler also considers Israel's foreign policy setting and apparatus, the Palestinians and the Israeli-Palestinian conflict, the particularly sensitive questions of Jerusalem and the Israeli settlement movement and the Middle East peace process overall. This clear and concise text provides an invaluable starting point for all readers needing a cogent introduction to Israel today.

**Politics of Conflict** Vassilis Fouskas, 2010-10-18 This new title provides a mixture of analytical essays, maps and an A-Z glossary outlining the political aspect of conflicts worldwide.

*Remembering Palestine in 1948* Efrat Ben-Ze'ev, 2011-02-07 The war of 1948 in Palestine is a conflict whose history has been written primarily from the national point of view. This book asks what happens when narratives of war arise out of personal stories of those who were involved, stories that are still unfolding. Efrat Ben-Ze'ev examines the memories of those who participated and were affected by the events of 1948 and how these events have been mythologized over time. This is a three-way conversation between Palestinian

villagers Jewish Israeli veterans and British policemen who were stationed in Palestine on the eve of the war Each has his or her story to tell These small scale truths shed new light on the Palestinian Israeli conflict as it was then and as it has become

*The Routledge History of Terrorism* Randall D. Law, 2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist The Routledge History of Terrorism is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book's rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism

*Jewish Radicalisms* Frank Jacob, Sebastian Kunze, 2019-12-16 Jewish radical thoughts and actions can be described in a variety of terms and dimensions This volume wants to survey Jewish radicalism and present different approaches on this global historical phenomenon It is focused on the 19th and 20th century and tries to grasp the manyfold Ideas of Jewish radicalism and thereby it approaches the term Jewish radicalism from different perspectives and wants to extend the understanding of this phenomenon

**Encyclopedia of Insurgency and Counterinsurgency** Spencer C. Tucker, 2013-10-29 A fascinating look at the insurgencies and counterinsurgencies throughout history with a concentration on the 20th and 21st centuries This encyclopedia examines insurgencies and the counterinsurgency efforts they prompt through history addressing military actions and the techniques and technologies employed in each conflict significant insurgency leaders and the leading theorists with emphasis on the small wars of the 20th century and most recent decades The clear concise entries provide a breadth of coverage that ranges from the Maccabean Revolt in 168 143 BCE and the Peasants Revolt in Germany in the 1500s to the American Revolutionary War and the ongoing insurgency in Syria Readers will gain a solid understanding of how insurgency warfare and counterinsurgency COIN strategy has played a key role in the U S conflicts in Afghanistan and Iraq in the early 21st century and grasp how this important military strategy has evolved during modern times

*The Politics of Mass Violence in the Middle East* Laura Robson, 2020-09-17 The Middle East today is characterized by an astonishingly bloody civil war in Syria an ever more highly

racialized and militarized approach to the concept of a Jewish state in Israel and the Palestinian territories an Iraqi state paralyzed by the emergence of class and region inflected sectarian identifications a Lebanon teetering on the edge of collapse from the pressures of its huge numbers of refugees and its sect bound political system and the rise of a wide variety of Islamist paramilitary organizations seeking to operate outside all these states The region's emergence as a zone of violence characterized by a viciously dystopian politics of identity is a relatively recent phenomenon developing only over the past century but despite these shallow historical roots the mass violence and dispossession now characterizing Syria Lebanon Israel Palestine and Iraq have emerged as some of the twenty first century's most intractable problems In this study Laura Robson uses a framework of mass violence encompassing the concepts of genocide ethnic cleansing forced migration appropriation of resources mass deportation and forcible denationalization to explain the emergence of a dystopian politics of identity across the Eastern Mediterranean in the modern era and to illuminate the contemporary breakdown of the state from Syria to Iraq to Israel

**Post-Holocaust Politics** Arie J. Kochavi, 2003-01-14 Between 1945 and 1948 more than a quarter of a million Jews fled countries in Eastern Europe and the Balkans and began filling hastily erected displaced persons camps in Germany and Austria As one of the victorious Allies Britain had to help find a solution for the vast majority of these refugees who refused repatriation Drawing on extensive research in British American and Israeli archives Arie Kochavi presents a comprehensive analysis of British policy toward Jewish displaced persons and reveals the crucial role the United States played in undermining that policy Kochavi argues that political concerns not human considerations determined British policy regarding the refugees Anxious to secure its interests in the Middle East Britain feared its relations with Arab nations would suffer if it appeared to be too lax in thwarting Zionist efforts to bring Jewish Holocaust survivors to Palestine In the United States however the American Jewish community was able to influence presidential policy by making its vote hinge on a solution to the displaced persons problem Setting his analysis against the backdrop of the escalating Cold War Kochavi reveals how ironically the Kremlin as well as the White House came to support the Zionists' goals albeit for entirely different reasons

Middle East Politics and International Relations Shahram Akbarzadeh, 2022-10-28 As featured on BookAuthority's list of best International Relations books to read in 2024 Continuing civil wars and humanitarian crises coupled with a changing geopolitical dynamic highlighted by increased Russian and Chinese presence in the Middle East call for new thinking What happens in the Middle East has major global repercussions This second edition of the ground breaking textbook Middle East Politics and International Relations Crisis Zone provides a comprehensive overview of contemporary Middle East politics The book traces the roots of recent events across the region's modern history enabling readers to appreciate both the significance of such events and the importance of history in influencing their outcomes Structured chronologically with updated stand alone chapters containing history context and contemporary analyses this edition examines a series of interconnected themes and issues including external intervention political manifestations of Islam the

role of political authority nationalism self determination and human rights The book provides a valuable teaching tool both in its content and structure Students will gain a deeper understanding of a changed Middle East and the evolving role of states and non state actors in the region     The Israel Lobby and U.S. Foreign Policy John J. Mearsheimer,Stephen M. Walt,2007-09-04 Originally published in 2007 The Israel Lobby and U S Foreign Policy by John Mearsheimer of the University of Chicago and Stephen M Walt of Harvard s John F Kennedy School of Government provoked both howls of outrage and cheers of gratitude for challenging what had been a taboo issue in America the impact of the Israel lobby on U S foreign policy A work of major importance it remains as relevant today as it was in the immediate aftermath of the Israel Lebanon war of 2006 Mearsheimer and Walt describe in clear and bold terms the remarkable level of material and diplomatic support that the United States provides to Israel and argues that this support cannot be fully explained on either strategic or moral grounds This exceptional relationship is due largely to the political influence of a loose coalition of individuals and organizations that actively work to shape U S foreign policy in a pro Israel direction They provocatively contend that the lobby has a far reaching impact on America s posture throughout the Middle East in Iraq Iran Lebanon and toward the Israeli Palestinian conflict and the policies it has encouraged are in neither America s national interest nor Israel s long term interest The lobby s influence also affects America s relationship with important allies and increases dangers that all states face from global jihadist terror The publication of The Israel Lobby and U S Foreign Policy led to a sea change in how the U S Israel relationship was discussed and continues to be one of the most talked about books in foreign policy     Blue-Water Empire Robert Holland,2012-01-26 Blue Water Empire is Robert Holland s magnificent narrative of Britain s military and cultural ties with the Mediterranean Sea in the style of the epic naval histories of N A M Rodger Britain has been a major presence in the Mediterranean from the Battle of the Nile to the end of empire as both a military and a colonising force on the islands and coastlines of the sea Robert Holland traces the fascinating story of that presence from its legacies in culture language and law to the Mediterranean s own influence on Britain Evoking the conflicts and contrasts between British and local societies caught up in dramatic events as well as their mutual resilience under pressure Blue Water Empire charts with vigour flair and clarity the British experience in the Mediterranean in the age of empire Reviews An important corrective to current historical amnesia the definitive account of Anglo Mediterranean history for years to come Amanda Foreman New Statesman A rich and readable account of the British in the Middle Sea As Holland s learned lucid and enjoyable work makes clear many British politicians saw the Mediterranean as the pre eminent global strategic arena representing the key to victory in Europe and Asia Dominic Sandbrook Sunday Times This is an important subject and it has never before been drawn together into a single coherent narrative Blue Water Empire puts the land not the sea at the heart of the story Literary Review Robert Holland s masterly history of the Mediterranean is a pleasure to read Blue Water Empire shows how Britain s mastery of the Middle Sea shaped the modern world whilst reminding us how profoundly the Mediterranean has influenced

the British Simon Ball author of *The Bitter Sea The Struggle for Mastery in the Mediterranean 1935 1949* Lively and absorbing Philip Mansel Spectator About the author Robert Holland is one of the world's leading historians of the Mediterranean and the author of *Britain and the Revolt in Cyprus 1954 59* and with Diana Markides *The British and the Hellenes Struggles for Mastery in the Eastern Mediterranean 1850 1960* He holds professorial positions at the Centre for Hellenic Studies in King's College London and the Institute of Commonwealth Studies in the same University

*Anglo-American Diplomacy and the Palestinian Refugee Problem, 1948-51* S. Waldman, 2016-01-12 This volume examines British and US attitudes towards the means and mechanisms for the facilitation of an Arab Israeli reconciliation focusing specifically on the refugee factor in diplomatic initiatives It explains why Britain and the US were unable to reconcile the local parties to an agreement on the future of the Palestinian refugees **The Israel-Palestine Conflict** Neil

Caplan, 2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli Palestinian conflict Numerous instances of competing sometimes incompatible narratives of controversial events are found throughout history Perhaps the starkest example of such contradictory representations is the decades long conflict between Israel and Palestine For over 140 years Israelis Palestinians and scores of peacemakers have failed to establish a sustainable mutually acceptable solution The Israel Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested Now in its second edition this book has been thoroughly updated to reflect the events that have transpired since its original publication Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation New discussions address recent debates over two state versus one state solutions growing polarization in public discourse outside of the Middle East the role of public intellectuals and the growing trend of merging scholarship with advocacy Part of the Wiley Blackwell Contested Histories series this clear and accessible volume Offers a balanced non polemic approach to current academic discussions and political debates on the Israel Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East The Israel Palestine Conflict is an indispensable resource for students scholars and interested general readers [The Rise of the Israeli Right](#) Colin Shindler, 2015-07-30 The Israeli Right first came to power nearly four decades ago Its election was described then as an earthquake and its reverberations are still with us How then did the Right rise to power What are its origins Colin Shindler traces this development from the birth of Zionism in cosmopolitan Odessa in the nineteenth century to today's Hebron a

centre of radical Jewish nationalism He looks at central figures such as Vladimir Jabotinsky an intellectual and founder of the Revisionist movement and Menahem Begin the single minded politician who brought the Right to power in 1977 Both accessible and comprehensive this book explains the political ideas and philosophies that were the Right s ideological bedrock and the compromises that were made in its journey to government [A Line in the Sand](#) James Barr,2013-03-11 A provocative history helps us to understand why the Arab spring is so important and valuable David Ignatius National Interest In the twentieth century while fighting a common enemy in Europe Britain and France were locked in a clandestine struggle for power in the Middle East From the first agreement to divide the region between them to the birth of Israel *A Line in the Sand* is a gripping narrative of the last gasp of imperialism with tales of unscrupulous double dealing cynical manipulation and all too frequent violence that continues to the present day *Imperial Israel and the Palestinians* Nur Masalha,2000-07-20 This book is a history of Israel s expansionist policies focusing on the period from the June War of 1967 to the present day He demonstrates that imperialist tendencies in Israel run the political gamut from Left to Right Masalha argues that the heart of the conflict between Zionist immigrants settlers and the native Palestinians has always been about land territory demography and water He documents how Israeli policy has made it a priority to expel the Palestinians either by war or peaceful measures But these imperialist tendencies are not restricted to extremist zealots The author uncovers the expansionist policies found in Labour Zionism and Kookist ideology Chapters cover the Whole Land of Israel Movement Zionist Revisionism and the Likud Party Gush Emunim and the religious fundamentalists parties and movements of the far right and the evolution of Israeli Jewish public attitudes since 1967
