researchers and anyone wanting to know more about this subject Growing Critically Conscious Teachers Angela Valenzuela, 2016 To meet the needs of the fast growing numbers of Latino and English learners this volume presents an approach to secondary education teacher preparation based on the work of the National Latino Education Research and Policy Project NLERAP. Renowned scholar and educator Angela Valenzuela together with an impressive roster of contributors provides a critical framework for educating culturally responsive teachers. They examine the knowledge, skills, and predisposition required for higher education institutions to create curricula for educating Latino and children of color and language minority youth. *Growing Critically Conscious Teachers* illuminates why growing our own teachers makes sense as an approach for not only addressing the achievement gap but for also enhancing the well being of our communities as a whole. Book Features: A community based university and district connected partnership model that fosters students' critical consciousness; A framework for participatory action research (PAR) within teacher preparation that promotes community and societal transformation; A curriculum premised on sociocultural and sociopolitical awareness. The wisdom, experiences, and lessons learned from educators who have been change agents in their own schools, communities, and college classrooms across the country. An enormous contribution to the field. It will also be a cherished resource and guide for Latino and non-Latino teachers alike and for the university faculty and school and community based facilitators who help prepare them. From the Foreword by Sonia Nieto, Professor Emerita, Language Literacy and Culture College of Education, University of Massachusetts Amherst. Provides the elemental sparks for essential conversations about culturally responsive teaching and the well being of youth in our communities. Through a variety of critical perspectives, this volume raises significant questions that must be at the forefront of Latino education. This excellent volume is a must read for teachers truly committed to educational practices of social justice in schools today. Antonia Darder, Leavelle Endowed Chair of Ethics and Moral Leadership, Loyola Marymount University **Indianola and Other Poems** Jefferson McLemore, 1904 **Texas in Poetry 2** Billy Bob Hill, 2002 And of course one poem about Texas that is magnificent in its awfulness. Lasca with memorable lines like "Scratches don't count. In Texas, down by the Rio Grande." *Winter Poems Along the Rio Grande* Jimmy Santiago Baca, 2014-01-02 New poetry by the Champion of the International Poetry Slam and winner of the Before Columbus American Book Award, the International Hispanic Heritage Award, the Pushcart Prize, and the prestigious new International Award. A romantic and a populist, Jimmy Santiago Baca celebrates nature and creativity, the power of becoming more the river than himself in *Winter Poems Along the Rio Grande*. These poems are an expansive meditation on Baca's spiritual life, punctuated always with his feet repeatedly rhythmically on the ground as he runs every morning along the river. Baca contemplates his old life, his new love, his family and friends, those living and those dead, injustices and victories, and Chicano culture. As Denise Levertov remarked, Baca writes with unconcealed passion and manifests both an intense lyricism and that transformative vision which perceives the mythical and archetypal significance of life events.
