Chris Paton, 2011-06-13 A genealogist s practical guide to researching family history online while avoiding inaccurate incomplete or misleading information The internet has revolutionized family history research every day new records and resources are placed online and new methods of sharing research and communicating become available Never before has it been so easy to research family history and to gain a better understanding of who we are and where we came from But as British genealogist Chris Paton demonstrates in this straightforward practical guide while the internet is an enormous asset it is also something to be wary of Researchers need to take a cautious approach to the information they acquire on the web Where did the original material come from Has it been accurately reproduced Why was it put online What has been left out and what is still to come As he leads researchers through the multitude of resources that are now accessible online with an emphasis on UK and Ireland sites Chris Paton helps to answer these questions He shows what the internet can and cannot do and he warns against the various traps researchers can fall into along the way [Do Archives Have Value?](#) Michael Moss, David Thomas, 2019-08-01 This book will explore ways of establishing value in the archives by using a variety of methodologies and exploring a range of contexts In the United Kingdom DCMS uses various valuation matrices to allocate resources whilst other organizations both internationally and domestically such as local authorities and universities are following suit In some contexts in the UK other developed countries and particularly developing countries archives have an evidential value to redress grievances and to assist in the fight against fraud and corruption The retention of records for

evidential value demands the retention of case papers relating to individuals that until now have not normally been retained As more and more record keeping becomes digital costs of preservation will inevitably increase which makes developing methodologies to justify additional costs urgent particularly in poorly resourced developing countries which have been encouraged to go digital by aid agencies and donor countries This book will be useful reading for professional archivists and students on archival studies courses In the wider world of cultural heritage valuation is of increasing importance in justifying services and bidding for scant resources As a result *Do Archives Have Value* will also be of interest to senior management with oversight of libraries and museums owners of collections and external funders *Black Tommies* Ray

Costello,2015-12-04 Offers an overview of the role played by Black British soldiers in the First World War *The Slave Master of Trinidad* Selwyn R. Cudjoe,2019-08-30 William Hardin Burnley 1780 1850 was the largest slave owner in Trinidad during the nineteenth century Born in the United States to English parents he settled on the island in 1802 and became one of its most influential citizens and a prominent agent of the British Empire A central figure among elite and moneyed transnational slave owners Burnley moved easily through the Atlantic world of the Caribbean the United States Great Britain and Europe and counted among his friends Alexis de Tocqueville British politician Joseph Hume and prime minister William Gladstone In this first full length biography of Burnley Selwyn R Cudjoe chronicles the life of Trinidad s founding father and sketches the social and cultural milieu in which he lived Reexamining the decades of transition from slavery to freedom through the lens of Burnley s life *The Slave Master of Trinidad* demonstrates that the legacies of slavery persisted in the new post emancipation society *Nick Barratt's Guide to Your Ancestors' Lives* Nick Barratt,2010-06-15 Family history is only one part of your personal heritage there s more to your background than who your ancestors were This differs from most books on the market as it places this process on an equal footing with the social history that surrounds each generation as much as the technical know how on which records to examine and where This book takes you on a unique journey back in time examining the houses streets communities and ways of life that shaped the world around us and in particular the precise circumstances that made us who we are today Furthermore this book will not just explain how and where to undertake this personal detective process it shows you how to organise and shape your findings and create your own personal archive using the latest technology and online resources and how to add your store of knowledge to the emerging social networks that allow us to create a People s Archive and tell the forgotten story of the past that never makes it into the textbooks **Tracing Your British and Irish Ancestors** Jonathan Scott,2016-10-31 Jonathan Scott is a freelance writer specializing in family history He is a former deputy editor of *Family History Monthly* and has penned the *Best Websites* column for *Who Do You Think You Are Magazine* since 2007 He also writes the magazine s monthly *Around Britain* feature and compiles the end of year look ahead at developments online In addition to his work in family history he has compiled *Collecting Children s Books* and *Rare Book Price Guide* **The Family Tree Toolkit** Kenyatta D. Berry,2018-11-06 The

popularity of Family History has increased over the past five years due to TV shows like Genealogy Roadshow Finding Your Roots and Who Do You Think You Are The ability to access records online has opened up the one time hobby for genealogy enthusiasts to the mainstream Companies like Ancestry com Familysearch org Findmypast com and MyHeritage have spent millions of dollars making records available around the world DNA technology continues to evolve and provides the instant gratification that we have become use to as a society But then the question remains what does that really mean Knowing your ancestry is more than just ethnic percentages it s about creating and building a story about your family history The Family History Toolkit is designed to help you navigate the sometimes overwhelming and sometimes treacherous waters of finding your ancestors While this is not a comprehensive guide to all things genealogy it is a roadmap to help you on this journey of discovery whether you are looking for your African Asian European or Jewish ancestry The Family History Toolkit guides you on how and where to begin what records are available both online and in repositories what to do once you find the information how to share your story and of course DNA discoveries
