Trainspotting John Hodge, 2000 Cast size medium **Trainspotting** John Hodge, 1995 *T2 Trainspotting* John Hodge, 2017-01-27 First there is an opportunity then there is a betrayal Twenty years have gone by Much has changed but just as much remains the same Mark Renton returns to the only place he can ever call home They are waiting for him of course Spud Sick Boy and Frank Begbie But they are not alone Other old friends are waiting too sorrow loss joy vengeance hatred friendship love longing fear regret diamorphine self destruction and mortal danger they are all lined up to welcome him ready to join the dance Mark Renton returns to the chaos of life and death The Pedagogy of Adaptation Dennis Cutchins, Laurence Raw, James M. Welsh, 2010-02-23 From *All Quiet on the Western Front* and *Gone with the Wind* to *No Country for Old Men* and *Slumdog Millionaire* many of the most memorable films have been adapted from other sources And while courses on film studies are taught throughout the world *The Pedagogy of Adaptation* makes a strong case for treating adaptation studies as a separate discipline What makes this book unique is its claim that adaptation is above all a creative process and not simply a slavish imitation or reproduction of an original This collection of essays focuses on numerous contexts to emphasize why adaptations matter to students of literature It is the first such volume devoted exclusively to teaching adaptations from a practical teacher centered angle Many of the essays show how adaptation as a discipline can be used to prompt reflection on cultural historical and political differences Written by specialists in a variety of fields ranging from film radio theater and even language studies the book adopts a pluralistic view of adaptation showing how its processes vary across different contexts and in different disciplines Defining new horizons for the teaching of adaptation studies these essays draw on such disparate sources as *Frankenstein* *Moby Dick* and *South Park* This volume not only provides a resource book of lesson plans but offers valuable pointers as to why teaching literature and film can help develop students skills and improve their literacy **Trainspotting** John Hodge, 1996-01 **Adaptations** Deborah Cartmell, Imelda Whelehan, 2022 *Adaptations Critical and Primary Sources* is a three volume reference resource that brings together over 80 landmark texts in adaptation studies Volume One covers the history of adaptation studies by plotting the prehistory of the field beginning with Vachel Lindsay's classic *Art of the Moving Picture* 1915 through Virginia Woolf's classic essay on *The Cinema* through to some of the most important critical and theoretical interventions up until the 1990s when the area really emerges as a critical force in the academy Volume Two collects essays from the last 25 years showing how the scholarly legacy laid out in Volume One still has a profound impact on adaptation studies today while charting the process of critical and theoretical maturation This volume shows how adaptation studies has outgrown its contested place in the gap of film and literary studies and how its interventions transcend disciplinary perspectives across the arts and humanities Volume Three covers key case studies such as Christine Geraghty's take on adapting Westerns Ian Inglis' understanding of the transformation of music into movies and Eckart Voigts' concept on Jane Austen and participatory culture 0With topics ranging from the

limitations of the novel to adapting stage to screen contributions from a wide range of international scholars film critics and novelists combine to make Adaptations Critical and Primary Sources an original overview of critical debates today Cartmell and Whelehan introduce each excerpt and offer a critical overview of the collected work the rationale for its inclusion and suggestions for further reading
