IMAGEMAKING

HANDMADE PHOTOGRAPHY SINCE 1960

ROBERT HIRSCH

Transformational Imagemaking Handmade Photography Since 196

Clarence John Laughlin

Transformational Imagemaking Handmade Photography Since 196:

Transformational Imagemaking: Handmade Photography Since 1960 Robert Hirsch, 2014-01-10 This groundbreaking survey of significant work and ideas focuses on imagemakers who have pushed beyond the boundaries of photography as a window on our material world Through interviews with more than 40 key artists this book explores a diverse group of curious experimentalists who have propelled the medium's evolution by visualizing their subject matter as it originates from their mind's eye Many favor the historical techniques commonly known as alternative photographic processes but all these makers demonstrate that the real alternative is found in their mental approach and not in their use of physical methods Within this context photographer and photography historian Robert Hirsch outlines the varied approaches these artists have utilized to question conventional photographic practices to convey internal realities and to examine what constitutes photographic reality Hirsch explores the half century evolution of these concepts and methodologies and their popularity among contemporary imagemakers who are merging digital and analog processes to express what was thought to be photographically inexpressible Read an interview with the author at Photo net <http://photo.net/learn/photographer-interviews/robert-hirsch> **ALTERNATIVE PHOTOGRAPHIC PROCESSES** BRADY WILKS, 2019-02-02 **Picture**

Making H. P. Robinson, 2017-10-11 Excerpt from Picture Making By Photography The materials used by photographers differ only in degree from those employed by the painter and sculptor The illustrations with the exception of one or two owe their existence to photography Without the help of the processes by which substitutes for woodcuts can be quickly and cheaply made from pen and ink sketches a book of this kind could not be so effectively illustrated They make no pretension to be refined examples and their purpose will be served if they make more clear the words I have written About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Transforming Eye Clarence John Laughlin, 1973 **The Creative Spark: Brian Taylor, Handmade Photography**, 2013 Follow photographer Brian Taylor as he combines Photoshop and other modern imaging tools with photographic processes that were invented in the 1800s
