Transitional Justice And Reconciliation Lessons From The Balkans:

Transitional Justice and Reconciliation Martina Fischer, Olivera Simic, 2015-11-06 Scholars and practitioners alike agree that somehow the past needs to be addressed in order to enable individuals and collectives to rebuild trust and relationships. However, they also continue to struggle with critical questions: When is the right moment to address the legacies of the past after violent conflict? How can societies address the past without deepening the pain that arises from memories related to the violence and crimes committed in war? How can cultures of remembrance be established that would include and acknowledge the victims of all sides involved in violent conflict? How can various actors deal constructively with different interpretations of facts and history? Two decades after the wars in Bosnia, Serbia, and Croatia, albeit to different degrees, are still facing the legacies of the wars of the 1990s on a daily basis. Reconciliation between and within these societies remains a formidable challenge given that all three countries are still facing unresolved disputes either at a cross-border level or amongst parallel societies that persist at a local community level. This book engages scholars and practitioners from the regions of former Yugoslavia as well as international experts to reflect on the achievements and obstacles that characterise efforts to deal with the past. Drawing variously on empirical studies, theoretical discussions, and practical experience, their contributions offer invaluable insights into the complex relationship between transitional justice and conflict transformation. Truth, Justice and Reconciliation in Colombia Fabio Andres Diaz Pabon, 2018-05-11

The signing of the peace agreements between the FARC EP and the Colombian Government in late November 2016 has generated new prospects for peace in Colombia, opening the possibility of redressing the harm inflicted on Colombians by Colombians. Talking about peace and transitional justice requires us to think about how to operationalize peace agreements to promote justice and coexistence for peace. This volume brings together reflections by Colombian academics and practitioners alongside pieces provided by researchers and practitioners in other countries where transitional justice initiatives have taken place: Bosnia and Herzegovina, South Africa, Sri Lanka, and Peru. This volume has been written in the south by the south for the south. The book engages with the challenges ahead for the coming generations of Colombians. Rivers of ink have dealt with the end goals of transitional justice, but victims require us to take the quest for human rights beyond the normative realm of theorizing justice and into the practical realm of engaging how to implement justice initiatives. The tension between theory, the legislative frameworks guaranteeing human rights, and practice, the realization of these ideas, will frame Colombia's success or failure in consolidating the implementation of the peace agreements with the FARC EP.

Yakinthou,2018-03-29 In recent years transitional justice has become increasingly international in its scope Due to ongoing animosities lack of political will and the absence of credible governing or judicial institutions international organizations donors and NGOs advocate for transitional justice initiatives like truth commissions or special tribunals alongside national actors like civil society and victims groups This book examines how international assistance affects transitional justice and where power truly lies in making decisions about justice for victims of massive human rights abuse The book finds that government donors typically lack strategies for transitional justice they struggle with information deficits and they are

constrained by short term approaches that do not give enough attention to what is often a weak and divided civil society sector All the authors have both practical and scholarly perspectives on transitional justice Country case studies are provided including descriptions of the challenges in developing data on transitional justice financing

The Transitional Justice Citizen Briony Jones,2023-03-02 Building a thorough and comprehensive understanding of the limits of transitional justice theory in historically understudied regions this innovative book proposes a new concept of the transitional justice citizen as both an active seeker and receiver of justice Briony Jones addresses contemporary criticism of transitional justice theory and practice in order to improve our understanding of the agency of people at times of transition

Intangible Cultural Heritage and Reconciliation in the Western Balkans Miloš Milenković,2024-08-01 This book considers the sensitive heritage elements linked to the very issue of the origins of nations Beliefs rituals and traditional knowledge are examples of intangible cultural heritage ICH which communities globally regard as the core of their cultural identity When it is unclear which element of heritage belongs to whom like in the Western Balkans where the majority of heritage elements are shared ICH disputes exacerbate conflict Its mishandling is especially acute when minority heritage is excluded from governmental cultural policies With a focus on Serbia Croatia Bosnia and Herzegovina and Montenegro this book has a global thematic scope theoretical depth and policy relevance to the scholars of anthropology and heritage studies as well as to those interested in cultural diversity human rights and cultural and educational policies It will serve as a guide for those who professionally use cultural heritage or want to start doing so in the processes of reconciliation stabilization and development
