A Companion to Chrétien de Troyes Norris J. Lacy, Joan Tasker Grimberty, 2008 A fine collection an excellent introduction to Chrétien's world and work Highly recommended CHOICE Chrétien de Troyes is arguably the creator of Arthurian romance and it is on his work that later writers have based their interpretations This book offers both crucial information on and a comprehensive coverage of all aspects of the work of Chrétien de Troyes the literary and historical background patronage his influence on other writers manuscripts and editions of his work and at the heart of the volume major essays on the themes techniques and artistic achievements in each of his compositions the contributions all from leading experts in Chrétien and related studies have been commissioned especially for this volume and are designed to remain accessible to students while also addressing specialists in Arthurian studies and Chrétien de Troyes They reflect the most current critical and scholarly views on one of the greatest of medieval authors CONTRIBUTORS JOHN W BALDWIN JUNE HALL MCCASH LAURENCE HARF LANCNER NORRIS J LACY DOUGLAS KELLY KEITH BUSBY PETER F DEMBOWSKI ROBERTA L KRUEGER DONALD MADDOX SARA STURM MADDOX JOAN TASKER GRIMBERT MATILDA TOMARYN BRUCKNER TONY HUNT RUPERT T PICKENS ANNIE COMBES MICHELLE SZKILNIK EMMANUELE BAUMGARTNER Teaching Literature in Translation Brian James Baer, Michelle Woods, 2022-07-29 The teaching of texts in translation has become an increasingly common practice but so too has the teaching of texts from languages and cultures with which the instructor may have little or no familiarity The authors in this volume present a variety of pedagogical approaches to promote translation literacy and to address the distinct phenomenology of translated texts The approaches set forward in this volume address the nature of the translator's task and how texts travel across linguistic and cultural boundaries in translation including how they are packaged for new audiences with the aim of fostering critical reading practices that focus on translations as translations The organizing principle of the book is the specific pedagogical contexts in which translated texts are being used such as courses on a single work survey courses on a single national literature or a single author and courses on world literature Examples are provided from the widest possible variety of world languages and literary traditions as well as modes of writing prose poetry drama film and religious and historical texts with the aim that many of the pedagogical approaches and strategies can be easily adapted for use with other works and traditions An introductory section by the editors Brian James Baer and Michelle Woods sets the theoretical stage for the volume Written and edited by authorities in the field of literature and translation this book is an essential manual for all instructors and lecturers in world and comparative literature and literary translation **The Chapter** Nicholas Dames, 2025-02-25 Finalist for the National Book Critics Circle Award in Criticism Shortlisted for the Christian Gauss Award Phi Beta Kappa Society A history of the chapter from its origins in antiquity to today Why do books have chapters With this seemingly simple question Nicholas Dames embarks on a literary journey spanning two millennia revealing how an ancient editorial technique became a universally recognized component of narrative

art and a means to register the sensation of time Dames begins with the textual compilations of the Roman world where chapters evolved as a tool to organize information He goes on to discuss the earliest divisional systems of the Gospels and the segmentation of medieval romances describing how the chapter took on new purpose when applied to narrative texts and how narrative segmentation gave rise to a host of aesthetic techniques Dames shares engaging and in depth readings of influential figures from Sterne Goethe Tolstoy and Dickens to George Eliot Machado de Assis B S Johnson Agn s Varda Uwe Johnson Jennifer Egan and L szl Krasznahorkai He illuminates the sometimes tacit sometimes dramatic ways in which the chapter became a kind of reckoning with time and a quiet but persistent feature of modernity Ranging from ancient tablets and scrolls to contemporary fiction and film The Chapter provides a compelling elegantly written history of a familiar compositional mode that readers often take for granted and offers a new theory of how this versatile means of dividing narrative sculpts our experience of time

The Knights of the Crown D'Arcy Jonathan Dacre Boulton,2000 A significant contribution to the history of the political life and culture of the later medieval aristocracy MAURICE KEEN Orders of lay knights the most famous of which are those of the Garter and the Golden Fleece were founded at some time between 1325 and 1470 in almost every kingdom of Western Christendom and played an important part in the life of the court Jonathan Boulton defines the monarchical orders as those with corporate statutes which attached the presidential office to the crown of the princely founder or made it hereditary in his house Modelled either directly or indirectly on the fictional society of the Round Table they incorporated varying numbers of elements borrowed from the older religious orders of knighthood and from contemporary institutions This study explores the nature and history of thirteen orders and reveals them as not only an ingenious supplement to or replacement for the feudo vassalic ties that still bound the leading members of the nobility to their sovereign but also as the most important institutional embodiments of the secular ideals of chivalry that were at the heart of the international court culture of the age JONATHAN BOULTON teaches at the University of Notre Dame

Parzival and Titurel Wolfram von Eschenbach, 2006-09-14 Vast in its scope incomparably dense in its imagery Parzival ranks alongside Dante's Divine Comedy as one of the foremost narrative works to emerge from medieval Europe Written in the first decade of the thirteenth century Parzival is the greatest of the medieval Grail romances It tells of Parzival's growth from youthful folly to knighthood at the court of King Arthur and of his quest for the Holy Grail Full of incident and excitement the story involves deeds of chivalry tournaments and sieges courtly love and other erotic adventures Parzival's quest becomes a moral and spiritual journey of self discovery as he learns that he must repent of his past misdeeds if he is to succeed Exuberant and Gothic in its telling as well as profoundly moving Parzival has inspired and influenced works as diverse as Wagner's Parsifal and Lohengrin Terry Gilliam's film The Fisher King and Umberto Eco's Baudolino Cyril Edwards's fine translation also includes the fragments of Titurel an elegiac offshoot of Parzival

Du Remede D'amours Tony Hunt, 2008 Given the outstanding popularity of Ovid in Europe throughout the Middle Ages disappointingly few translations of his works into French have survived and even fewer have been carefully studied This edition is an attempt to remedy this situation in two ways First it presents a hitherto unpublished version of the Remedia amoris thus expanding the corpus of materials available to students of the transmission of Ovid in the Middle Ages Second it provides for the first time a detailed survey of the existing versions of the Remedia and their principal characteristics Against this background the version published comes closest to what can be called a translation and is thus significant for understanding the techniques of translation in the medieval period

A Guide to the Best Fiction Ernest Albert Baker, 1913

Courtly Love Jean Markale, 2000-11 A comprehensive examination of the rituals and philosophies that created and sustained medieval troubadour culture Debunks the myth of the platonic nature of courtly love showing the many sexual similarities to the Tantric practices of India Reveals how the roots of courtly love go back to the matriarchal cultures of neolithic times The widespread turmoil that shook Western Europe as it entered the new millennium with the year 1000 prompted a vast reevaluation of the chief tenets of society Foremost among these was a new way of looking at love and the place held by women in society The Christian inspired tradition that at best viewed women with contempt and often with outright fear and loathing was replaced by a new perspective one in which women enjoyed a central role as the inspiration for all male action For several hundred years courtly love with its emphasis on adultery carnal pleasures and the power of the feminine dominated European culture despite its flouting of conventional Christian morality Medieval historians by and large have tended to regard courtly love as a sterile parlor game for the upper classes To the contrary Jean Markale shows that the

stakes were much higher the roots of the ritual re created here go all the way back to the great mother goddess In addition the platonic nature attributed to these relationships is based on a misunderstanding of courtly love underneath the refined poetry of the troubadours verses flourished a system of sexual initiation that rivaled Indian Tantra
