

Transnational Neofascism in France and Italy

ANDREA MAMMONE

Transnational Neofascism In France And Italy

Sonja Levsen, Kiran Klaus Patel

Transnational Neofascism In France And Italy:

Transnational Neofascism in France and Italy Andrea Mammone, 2019-02-21 This book describes the establishment evolution and international links of the extreme right in one of the main Western European areas Andrea Mammone details the long journey in the development of right wing extremism in France and Italy emphasizing the transfer exchange and borrowing of ideals personnel and strategies and the similarities among neofascist movements activists and thinkers across national boundaries from 1945 to the present day including the Cold War years the election of the European Parliament in 1979 and the 2014 EU elections Mammone analyzes the adaptation of neofascism in society and politics the building of international associations and pan national networks and the right leaning responses to the defeat of fascism European integration decolonization the events of 1968 immigration and the recent EU led austerity politics As a book implicitly on space borders and belonging it shows how some nationalisms may embody a transnational dimension and at times even pan European stances

Neofascism in Europe (1945-1989) Matteo Albanese, 2022-09-30 The text represents a long journey in the debate that characterized the multifaceted political phenomenon of neofascism From the end of the Second World War until the fall of the communist regimes groups parties and individuals have given life to a network of action and thought that has developed above all around three major themes that have characterized the thought of historical fascism and that we can find at different latitudes during the course of the long period of time under consideration Racism contempt for equality and democracy and an issue linked to the state as an element of modernity these are the three levels of analysis around which the neofascist movement regroups debates and acts The meticulous reconstruction of that debate at a transnational level is the result of a long archival work with unpublished and illuminating papers on the issue of continuity between political cultures The text can be easily read by students of Humanities and Social Sciences courses but it is also pleasant for fans of the subject

Beyond Transnationalism Sonja Levsen, Kiran Klaus Patel, 2023-05-22 This book is a collection of case studies that provides fresh insights into the history of political activism in Europe s long 1970s It covers the full spectrum of such groups from the far left to the neofascist right and from the various parts of Europe including East and West The chapters in this book push the boundaries of our knowledge with regard to transnational spaces For many political activists at the time identifying with a transnational or global protest movement provided both legitimacy for their claims and stood for the promise of sweeping change Existing research has often reproduced such perceptions This book goes beyond such an approach by distinguishing between different forms of transnational spaces More specifically it recognizes important differences between imagined spaces of solidarity and belonging spaces of knowledge circulation and spaces of social experience and political action Each chapter uses this new framework and analyses the interrelationship and significance of each of these three spaces *Beyond Transnationalism* will be of particular interest to historians political scientists and educators The chapters in this book were originally published as a special issue of *European Review of History*

Transnational Fascism in the Twentieth Century Matteo Albanese, Pablo del Hierro, 2016-09-22 Developing a knowledge of the Spanish Italian connection between right wing extremist groups is crucial to any detailed understanding of the history of fascism Transnational Fascism in the Twentieth Century allows us to consider the global fascist network that built up over the course of the 20th century by exploring one of the significant links that existed within that network It distinguishes and analyses the relationship between the fascists of Spain and Italy at three interrelated levels that of the individual political organisations and the state whilst examining the world relations and contacts of both fascist factions from Buenos Aires to Washington and Berlin to Montevideo in what is a genuinely transnational history of the fascist movement Incorporating research carried out in archives around the world this book delivers key insights to further the historical study of right wing political violence in modern Europe *Fascism, Liberalism and Europeanism in the Political Thought of Bertrand de Jouvenel and Alfred Fabre-Luce* Daniel Knegt, 2025-10-01 Despite the recent rise in studies that approach fascism as a transnational phenomenon the links between fascism and internationalist intellectual currents have only received scant attention This book explores the political thought of Bertrand de Jouvenel and Alfred Fabre Luce two French intellectuals journalists and political writers who from 1930 to the mid 1950s moved between liberalism fascism and Europeanism Daniel Knegt argues that their longing for a united Europe was the driving force behind this ideological transformation and that we can see in their thought the earliest stages of what would become neoliberalism **Rethinking Fascism** Di Michele Andrea, Filippo Focardi, 2022-01-19 This book takes up the stimuli of new international historiography albeit focusing mainly on the two regimes that undoubtedly provided the model for Fascist movements in Europe namely the Italian and the German Starting with a historiographical assessment of the international situation vis vis studies on Fascism and National Socialism and then concentrate on certain aspects that are essential to any study of the two dictatorships namely the complex relationships with their respective societies the figures of the two dictators and the role of violence This volume reaches beyond the time frame encompassing Fascism and National Socialism experiences directing the attention also toward the period subsequent to their demise This is done in two ways On the one hand examining the uncomfortable architectural legacy left by dictatorships to the democratic societies that came after the war On the other hand the book addresses an issue that is very much alive both in the strictly historiographical and political science debate that is to say to what extent can the label of Fascism be used to identify political phenomena of these current times such as movements and parties of the so called populist and souverainist right **Europe as Ideological Resource** Marta Lorimer, 2024-03-13 How did the far right go from illegitimate fringe to contender for public office and did Europe have anything to do with it Europe as Ideological Resource argues that European integration functioned as an ideological resource for far right parties looking for legitimisation because it enabled them to refashion their political message in a more acceptable form while maintaining the allegiance of their existing supporters Drawing on the qualitative analysis of over 400 documents produced by the

Movimento Sociale Italiano Alleanza Nazionale in Italy 1978 2009 and the Rassemblement National in France 1978 2019 Lorimer identifies the core concepts and discourses the parties used to talk about Europe and the legitimization mechanisms associated with them The book s narrative is developed through the analysis of four key concepts the concept of identity which enabled the parties to transnationalise their message and create a positive association between themselves and Europe the concept of liberty which made it possible for them to foster an image of actors holding uncontroversial positions the concept of threat which helped them promote the idea that desperate times call for desperate measures and the concept of national interest which helped them stress commitment to core principles in their ideology Ever since its re emergence on the European political scene scholars have sought to explain the mainstreaming of the far right By understanding how the process of European integration facilitated its transition from the margins to the mainstream this book adds one piece to the puzzle of far right legitimization

The Right and Radical Right in the Americas Tamir Bar-On, Bàrbara Molas, 2021-11-22

Studies of the right and radical right have proliferated since the rise of European nationalist and populist parties in the 1980s Yet the literature on the right and the radical right has a largely Euro American bias and has been limited by partisan academics that focus on the left The Right and Radical Right in the Americas hopes to be a pioneering work that examines the history and contemporary manifestations of the right and radical right throughout the Americas From interwar Canada to contemporary Chile the right and radical right have come in diverse ideological currents Those ideological currents have undergone historical changes and the strategies of the right and radical right need to be contextualized in respect of country and region The right and radical right also have distinctive meanings throughout the Americas and in different epochs

Nordic Fascism Nicola Karcher, Markus Lundström, 2022-12-09 Nordic Fascism is the first comprehensive history in English of fascism in the Nordic countries Transnational cooperation between radical nationalists has especially been the case in Sweden Denmark Norway and Finland where fascism has not only developed through interdependent processes but also through interactions between and beyond national boundaries and where racial relationship has been a core argument With chapters ranging from the inception of fascism in the interwar years up to the present day this book offers the first fragments of an entangled history of Nordic fascism It illuminates how The North occupies a special place in the fascist imagination articulating ideas about the Nordic people resisting the supposed cultural degeneration replacement or annihilation of the white race The authors map ideological exchange between fascist organisations in the Nordic countries and outline past and present attempts at pan Nordic state building This book will appeal to scholars of fascism and Nordic history and readers interested in the general history of fascism

Researching the Far Right Stephen D. Ashe, Joel Busher, Graham Macklin, Aaron Winter, 2020-11-09 Researching the Far Right brings together researchers from across the humanities and social sciences to provide much needed discussion about the methodological ethical political personal practical and professional issues and challenges that arise when researching far right parties their electoral support and far

right protest movements Drawing on original research focussing mainly on Europe and North America over the last 30 years this volume explores in detail the opportunities and challenges associated with using ethnographic interview based quantitative and online research methods to study the far right These reflections are set within a wider discussion of the evolution of far right studies from a variety of disciplinary viewpoints within the humanities or the social sciences tracing the key developments and debates that shape the field today This volume will be essential reading for students and scholars with an interest in understanding the many manifestations of the far right and cognate movements today It also offers insight and reflection that is likely to be valuable for a wider range of students and scholars across the humanities and social sciences who are carrying out work of an ethically politically personally practically and professionally challenging nature

Reviewing **Transnational Neofascism In France And Italy**: Unlocking the Spellbinding Force of Linguistics

While this might not be the Transnational Neofascism In France And Italy full book , it can give you a taste

of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Transnational Neofascism In France And Italy eBooks, including some popular titles.

FAQs About Transnational Neofascism In France And Italy Books

What is a Transnational Neofascism In France And Italy PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Transnational Neofascism In France And Italy PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Transnational Neofascism In France And Italy PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Transnational Neofascism In France And Italy PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Transnational Neofascism In France And Italy PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
