Transnational Citizenship Across Americas Ulla Ebook:

Citizenship Across Borders Michael P. Smith, Matt Bakker, 2008 Citizenship across Borders offer a new way of looking at the emergent dynamics of transnational community development and electoral politics on both sides of the border *The New Americans* Enrique T. Trueba, 2004 The New Americans describes the life of immigrants and transnationals in the Lower Rio Grande Valley where poverty is the training ground for people's resilience and capacity to adapt to different social and economic settings At the heart of their ability to survive and succeed is their ability to form a strong personal and ethnic identity that allows them to accommodate new life styles without losing their self respect Trueba shows how the resilience and diverse cultural experiences of transnationals and immigrants enable them to succeed in school and in their work and communities Trueba articulates Paulo Freire's critical pedagogy with the sociohistorical school of psychology led by Vygotsky theories that are complementary and enhanced by the analysis of instructional activities The book is enriched by exercises suggested at the end of each chapter by a glossary and by questions for final examinations that permit instructors to measure student proficiency

Transnational America Russell Duncan, Clara Juncker, 2004 This is an interdisciplinary analysis of the interaction between today's globalisation and Americanisation Transnationalism involves a loosening of boundaries a deterritorialisation of the nation state and higher degrees of interconnectedness among cultures and peoples across the globe As people make transnational voyages and live lives of flexible citizenship in two or more cultures they adhere to a new type of nationalism that creates an exclusionist discourse and builds the Other as conservative defenders of cruder territorial loyalties This transnational solidarity a new communitarianism beyond the loyalties to any one place or ethnic group threatens the old order with its conceptions that assimilation and integration will remake the foreigner into a particular national citizen The authors address the complex issues of globalisation American mythology Christian proselytising modern slavery conspiracy theory apocalyptic terrorism Vietnam stories international feminism changing gender roles resurgent regionalism and the changing definitions of place Citizenship and Migration in the Americas, 2010 *Rights Across Borders* David Jacobson, 1996

The Non-American Jani NEMANA, 2018-02-10 Living in America didn't just make me an American Experiencing and being part of the Americanness did I knew I could not claim that I was an American as soon as I landed in U S in 1991 to pursue my Master's But over the course of time I embraced America and America embraced me I experienced America in its classrooms and workplaces I have felt the American spirit in the July 4th parades and the Baseball games I have come to know America when I visited historic places and natural wonders I loved American freedom when I could pray my god and speak my mind I joined American journey by pitching in the community and helping out charities I survived American recessions by clipping coupons and visiting garage sales I was filled with Americanness when I chased the dream and capitalism I was indeed an American when I worked for minimum wage and paid my taxes But for the color of my skin and accent I speak I have been a Non American Over the last quarter of a century I have been part of the American

journey But I am proud of the fact that America has traveled through me and millions like me for centuries I have chronicled in this book my roller coaster journey for the past 26 years along with my survival during recessions and my run in with the American dream However my story is not unique It relates to all who aspired to come here to study adapt to America and chase the Americanity As I am going to reiterate further in this book I didn't flee from any persecution or oppression in India But I did cling to America for the Land of Opportunities it's supposed to be the freedom it offered for everybody that wanted to spread his or her wings or for anybody that wanted to soar Overall America has certainly been a testament for a fair and courteous society not only with various laws governing and protecting the fairness but also with majority of the citizenry following those laws not because they have to but because they want to Its generations of people have been responsible for the great image of Americanity on the world's stage Concurrently a notoriety that prevails in America taints the integrity and the righteousness of the country This evil has various branches Politics Racism and Gun culture being the primary tentacles These devilries could stand a brown skinned person as a Non American I have seen 7 presidential elections in U S I have seen that some weakness is highlighted as a theme of the campaign and the candidates stick to it as their winning formula I have witnessed a different kind of election campaign rhetoric and the aftermath of the 2016 election which highlighted the Non Americans Trump has undoubtedly instigated a divide and highlighted the race and immigration as the weakness which provoked a silent majority in America 2016 featured lies race prejudice womanizing immigration intolerance and conspiracy theories Campaign rallies of the candidate of the Republican Party prompted slogans like Make America White Again The Non Americans were scared that it would make America afraid and racist I was fascinated after every election by how the country had moved on from the rhetoric and focused on coming together as America At the time of writing this book i.e. around the 3rd week of March 2017 I haven't seen any traces of oneness in America Instead I have seen the racism escalating to murderous levels Among other incidents the murder of Srinivas Kuchibhotla highlighted the hate crimes What's the meaning of We took our country back or Get out of my country especially when uttered by a White American Thursday March 23rd 2017 Tomorrow I will be taking the oath to become a U S citizen pledging my allegiance to this great nation and becoming an American Today I am a Non American and this is my story that has been leading me to a tomorrow with great hopes
