Treasure In The Field Salvation In The Bible And In Our Lives:

Treasure in the Field Robert A. Krieg, 2013-02-01 What does it mean to say that God offers salvation to humanity What is this salvation and how can we become more conscious of it in our lives These are the questions that Robert Krieg faces in *Treasure in the Field* While his intent is certainly to impart information and ideas found in Scripture church teaching and theology it is also to illumine our own experiences Krieg retrieves the Bible's teaching on salvation and expresses it in contemporary terms Drawing deeply from Scripture he defines salvation as God's gift of personal identity of wholeness In this perspective God calls us not to invent ourselves but to discover ourselves as God intends us to be Those who gradually make this discovery become grateful recipients who give themselves and their talents for the well being of other people and creation Robert A Krieg is professor of theology at the University of Notre Dame He is the editor and translator of Romano Guardini's *Spiritual Writings* as well as the author of *Romano Guardini A Precursor of Vatican II* *Karl Adam Catholicism in German Culture and Story Shaped Christology* His work has also appeared in *American Theological Studies* *Worship* and many other journals

The Theology of Cardinal Walter Kasper Kristin M Colberg, Robert A. Krieg, 2014-08-14 Cardinal Walter Kasper's contributions to theology ecumenism Jewish Christian relations and the pastoral life of the church have shaped Catholicism in the twentieth and twenty first centuries Acknowledging this Pope Francis has praised Kasper's profound and serene theology In *The Theology of Cardinal Walter Kasper Speaking Truth in Love* leading theologians from across the United States and Canada explore the full scope of Kasper's thought on topics such as the character of ecumenical and interreligious dialogue Christology theological method and the nature of the church world relationship Kasper himself presents four previously unpublished texts on the interpretation of Vatican II on forgiveness on Christian hope and on the approach to theology today This volume originated at a conference at which Kasper was an active participant in honor of his eightieth birthday It provides an introduction to Kasper's thought and also an overview of major issues in contemporary Catholic theology

Systematic Theology Thomas P. Rausch, 2016-03-24 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church's doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today's theological pluralism
