toward a much needed revision of US policy toward the Persian Gulf during an era of profound change in oil markets and the balance of power in the Middle East Observing the Observer Zahid Bukhari, Sulayman Nyang, 2012-01-01 THE collection of papers in this volume documents the study of Islam in American Universities Over the last few decades the United States has seen significant growth in the study of Islam and Islamic societies in institutions of higher learning fueled primarily by events including economic relations of the U S with Muslim countries migration of Muslims into the country conversion of Americans to Islam U S interests in Arab oil resources involvement of Muslims in the American public square and the tragic events of 9 11 Although there is increasing recognition that the study of Islam and the role of Muslims is strategically essential in a climate of global integration multiculturalism and political turmoil nevertheless the state of Islamic Studies in America is far from satisfactory The issue needs to be addressed particularly as the need for intelligent debate and understanding is continuously stifled by what some have termed an Islam industry run primarily by fly by journalists think tank pundits and cut and paste experts
