transformation Our yearning includes a widespread hunger for visions of the Female Divine in church life and worship to restore gender balance and finally achieve just equal and inclusive faith communities This collection of engrossing narratives of women and men trying to change the institutional church and society illuminates how reclaiming multicultural female images of God extends beyond the sanctuary and into the community Whether you re searching for your own place in the church or you want to explore this growing movement these fascinating pioneers invite you to join the adventure of creating rituals that include Her affirming the sacred value of all people and all creation

Sexual Violence and Sacred Texts Amy Kalmanofsky, 2020-10-21 At the heart of many religions are sacred texts that depict or even incite sexual violence Most of this violence is directed against women and girls Sexual Violence and Sacred Texts opens up an informed passionate interfaith dialogue for scholars and activists seeking to transform social problems that impact women and girls globally Situated within struggles toward gender equity and widespread spiritual flourishing these essays empower religious leaders academics and laypersons to confront and to creatively engage with sacred texts that re inscribe sexual violence

From Sin to Amazing Grace Patrick S. Cheng, 2012-03 This book provides a unique synthesis of liberation queer and postcolonial theologians over the last few decades within a unified theological framework It Will advance the inclusion of LGBT people within church and society This book is a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the 21st century Throughout the history of Christianity lesbian gay bisexual and transgender LGBT or queer people have been condemned as unrepentant sinners who are in dire need of God s saving grace As a result of this condemnation LGBT people have been subjected to great spiritual emotional and physical abuse and violence This issue has taken on a particular urgency in light of the horrific string of suicides over the last year of young LGBT people who were subjected to harassment and bullying by their classmates Cheng argues that

people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws Rather Cheng proposes a Christological model based upon the theologies of Irenaeus Bonaventure and Barth in which sin and grace are defined in terms of what God has done for us in Jesus Christ Publisher *Our Fight Has Just Begun* Cheryl Redhorse

Bennett,2022-03-01 *Our Fight Has Just Begun* is a timely and urgent work The result of more than a decade of research it revises history documents anti Indianism and gives voice to victims of racial violence Navajo scholar Cheryl Redhorse Bennett reveals a lesser known story of Navajo activism and the courageous organizers that confronted racial injustice and inspired generations Illuminating largely untold stories of hate crimes committed against Native Americans in the Four Corners region of the United States this work places these stories within a larger history connecting historical violence in the United States to present day hate crimes Bennett contends that hate crimes committed against Native Americans have persisted as an extension of an Indian hating ideology that has existed since colonization exposing how the justice system has failed Native American victims and families While this book looks deeply at multiple generations of unnecessary and ongoing pain and violence it also recognizes that this is a time of uncertainty and hope The movement to abolish racial injustice and racially motivated violence has gained fierce momentum *Our Fight Has Just Begun* shows that racism hate speech and hate crimes are ever present and offers recommendations for racial justice **Against Citizenship** Amy L Brandzel,2016-04-15

Numerous activists and scholars have appealed for rights inclusion and justice in the name of citizenship *Against Citizenship* provocatively shows that there is nothing redeemable about citizenship nothing worth salvaging or sustaining in the name of community practice or belonging According to Brandzel citizenship is a violent dehumanizing mechanism that makes the comparative devaluing of human lives seem commonsensical logical and even necessary *Against Citizenship* argues that whenever we work on behalf of citizenship whenever we work toward including more types of peoples under its reign we inevitably reify the violence of citizenship against nonnormative others Brandzel s focus on three legal case studies same sex marriage law hate crime legislation and Native Hawaiian sovereignty and racialization exposes how citizenship confounds and obscures the mutual processes of settler colonialism racism sexism and heterosexism In this way Brandzel argues that citizenship requires anti intersectionality that is strategies that deny the mutuality and contingency of race class gender sexuality and nation and how oftentimes progressive left activists and scholars follow suit *Against Citizenship* is an impassioned plea for a queer decolonial anti racist coalitional stance against the systemized human de valuing and anti intersectionalities of citizenship **Understanding Pastoral Counseling** Elizabeth A. God in the New Testament Dr. Warren Carter, 2016-11-01 Author Warren Carter addresses the ways in which New Testament writings present God by asking four questions about how God relates to others How is God presented in relation to Israel How is God presented in relation to Jesus and the Spirit How is God presented in relation to believers disciples the church How is God presented in relation to the world Carter uses these questions to help draw out the most important factors in each of the New Testament writings discussed Rarely does one exclaim This is a real page turner when describing a book on the New Testament but I must say it With his characteristic concision and clarity not to mention wit and conversational style Carter leads us on a tour of God at Work in fifteen closely read texts What claims do the various texts make about God What questions or red flags do these texts raise What effect do or should these texts have upon us as readers today Carter intrepidly takes up some of the more challenging and cryptic NT texts and asks aloud many of the uncomfortable questions we've wondered about but might not have voiced so pointedly He does not provide tidy answers but his approach entices us not to give up but rather to dive even deeper into the texts their world and ours In reading this book I was variously educated entertained challenged and even moved Jaime Clark Soles Professor of New Testament and Altshuler
