scholarship the universality of Greek tragedy has started to fade as particularities of Athenian culture have come into focus Miriam Leonard contests the idea of the death of tragedy and argues powerfully for the continued vitality and viability of Greek tragic theater in the central debates of contemporary culture

The Play of Words Giulia Maria Chesi, 2014-08-27 The play of words examines the dynamics of interfamilial violence in the *Oresteia* It argues that the key element of the play's discourse about violence is to be found in the inquiry for a definition of Clytemnestra's motherhood The failure of this research challenges the reader with some open questions who is Clytemnestra Where is justice if a mother dies By reading the play's narrative on interfamilial violence and matricide as a narrative of uncertainties in terms of the role of the mother figure this book illustrates the complexity of the maternal role of Clytemnestra It also breaks silence among scholars who have generally portrayed Clytemnestra as the bad mother who kills the children's father and as the bad wife who betrays her husband

Poet and Orator Andreas Markantonatos, Eleni Volonaki, 2019-04-01 This multiauthored volume as well as bringing into clearer focus the notion of drama and oratory as important media of public inquiry and critique aims to generate significant attention to the unified intentions of the dramatist and the orator to establish favourable conditions of internal stability in democratic Athens We hope that readers both enjoy and find valuable their engagement with these ideas and beliefs regarding the indissoluble bond between oratorical expertise and dramatic artistry This exciting collection of studies by worldwide acclaimed classicists and acute younger Hellenists is envisaged as part of the general effort almost unanimously acknowledged as valid and productive to explore the impact of formalized speech in particular and craftsmanship rhetoric in general upon Attic drama as a moral and educational force in the Athenian city state Both poet and orator seek to deepen the central tensions of their work and to enlarge the main themes of their texts to even broader terms by investing in the art of rhetoric whilst at the same time through a skillful

handling of events evaluating the past and establishing standards or ideology Euripides and the Boundaries of the Human
Mark Ringer, 2016-07-29 Euripides and the Boundaries of the Human presents the first single volume reading in nearly fifty years of all of Euripides surviving plays Rather than examining one or a handful of dramas in monograph or article form Mark Ringer insists on the thematic and stylistic parallels that unite a diverse canon of works Euripides is often referred to as the most modern of the three Ancient Greek tragedians but in what way can the work of this fifth century B C artist be claimed as modern The multi layered presentation of character is new within the context of Athenian Tragedy The plays also reveal equal concern with the preservation and re vitalization of tradition especially with respect to the portrayal of the Olympian gods Euripidean drama upholds tradition just as vigorously as it posits a new kind of realism in character portrayal in the Ancient Theatre Euripidean drama fuses what was old with what was new in order to revitalize and perpetuate the art of tragedy This book will be of interest to professionals and students in the fields of classics Greek drama in translation or in the original Greek theater studies comparative literature tragedy and religion **Looking at Ajax** David Stuttard, 2019-05-02 Ajax is perhaps the earliest of Sophocles tragedies yet the issues at its heart remain profoundly resonant today Set in the Greek encampment during the siege of Troy it traces not just the story of a respected war hero s mental breakdown but like Sophocles Antigone the treatment of an enemy s remains and the management of his memory Pitting the fate of the individual against not just his own community but the cosmic world of the divine it explores questions of loyalty and power compassion and control integrity and political expediency and ultimately what it is to be human In Antiquity the fate of Ajax fascinated writers and artists alike Today it has assumed a new importance with Sophocles play being used to help treat military veterans suffering from PTSD This collection of 12 essays by leading academics from across the UK US and Ireland draws together many of the themes explored in Ajax from how Sophocles exploits audiences awareness of mythology and visual arts to questions of politics and religion staging and characterization changing perceptions of the heroic and the therapeutic use to which the play is put today The essays are accompanied by David Stuttard s introduction and performer friendly accurate and easily accessible English translation **Introductions and Translations to the Plays of Sophocles and Euripides** Harry Love, 2009-03-26 The two volumes of essays and translations of the tragedies of Sophocles and Euripides are the accumulation of some twelve years of producing ancient plays for contemporary audiences and actors The play texts themselves therefore are intended to be accessible and speakable in the first instance and to convey as much of the flavour of the original Greek as any translation is able They are there to be used The style though personal to a degree is an attempt to maintain the tone and the poetry of tragedy without dropping into the mock archaic or turning the texts into self conscious homilies on contemporary issues The introductory essays are occasional pieces written with production in mind Two general themes have emerged firstly a development of ideas about the nature of the dramatic genre and dramatic writing and stage rhetoric how is irony achieved What kinds of irony are there How do we understand emotional experience

in a theatre Secondly the significance of emotions and the concept of tragedy in the Greek context Sophocles and Euripides share as one might expect a milieu and some rigid theatrical conventions but within this context they reveal significant differences in terms of dramatic style and audience orientation The translations and essays are not presented in the order that they were written Volume I follows the narrative order of Sophocles Theban Trilogy and Volume II the chronological order of Euripides composition The plays were all produced in Dunedin New Zealand in the following order Oedipus the King 1994 and 2003 Hippolytus 1995 Bacchae 1997 Antigone 1998 Oedipus at Colonus 2000 Medea 2002 Hecuba 2006

Shakespeare, Romeo and Juliet, and Civic Life Silvia Bigliazzi, Lisanna Calvi, 2015-09-16 This volume introduces civic Shakespeare as a new and complex category entailing the dynamic relation between the individual and the community on issues of authority liberty and cultural production It investigates civic Shakespeare through Romeo and Juliet as a case study for an interrogation of the limits and possibilities of theatre and the idea of the civic The play's focus on civil strife political challenge and the rise of a new conception of the individual within society makes it an ideal site to examine how early modern civic topics were received and reconfigured on stage and how the play has triggered ever new interpretations and civic performances over time The essays focus on the way the play reflects civic life through the dramatization of issues of crisis and reconciliation when private and public spaces are brought to conflict but also concentrate on the way the play has subsequently entered the public space of civic life Set within the fertile context of performance studies and inspired by philosophical and sociological approaches this book helps clarify the role of theatre within civic space while questioning the relation between citizens as spectators and the community The wide ranging chapters cover problems of civil interaction and their onstage representation dealing with urban and household spaces the boundaries of social relations and legal economic political and religious regulation and the public dimension of memory and celebration This volume articulates civic Romeo and Juliet from the sources of genre to contemporary multicultural performances in political contact zones and civic Shakespaces exploring the Bard and this play within the context of communal practices and their relations with institutions and civic interests

Departure and Consolation George Lewis Parsenios, 2005-02-01 In contrast to the common opinion that the Johannine Farewell Discourses represent solely the Jewish genre of the Testament George Parsenios argues that features of the discourses are misread or missed completely apart from Greco Roman literature Evidence from classical drama for instance assists in reading Jesus' return to the Father as a dramatic exit and further accounts for the puzzling delay of Jesus at 14:31 without recourse to redaction theories Consolation literature and the literary symposium emphasize Jesus' continuing and consoling presence with particular attention to the Paraclete's role as doppelgänger The thread that binds the various chapters into a coherent whole therefore is the utility of classical literature in clarifying Jesus' consoling presence even after his departure to the Father

Ancient Fiction Jo-Ann A. Brant, Charles W. Hedrick, Chris Shea, 2005 The essays in this volume examine the relationship between ancient fiction in the Greco Roman world and early Jewish and Christian

narratives They consider how those narratives imitated or exploited conventions of fiction to produce forms of literature that expressed new ideas or shaped community identity within the shifting social and political climates of their own societies Major authors and texts surveyed include Chariton Shakespeare Homer Vergil Plato Matthew Mark Luke Daniel 3 Maccabees the Testament of Abraham rabbinic midrash the Apocryphal Acts Ezekiel the Tragedian and the Sophist Aelian This diverse collection reveals and examines prevalent issues and syntheses in the making the pervasive use and subversive power of imitation the distinction between fiction and history and the use of history in the expression of identity

The Imaginary Polis Mogens Herman Hansen, 2005

The Author's Voice in Classical and Late Antiquity Anna Marmodoro, Jonathan Hill, 2013-10 Explores the persona of the author in classical Greek and Latin authors from a range of disciplines and considers authority and ascription in relation to the authorial voice

Performance, Iconography, Reception Martin Revermann, Peter Wilson, 2008-08-14 Performance Reception Iconography assembles twenty three papers from an international group of scholars who engage with and develop the seminal work of Oliver Taplin Oliver Taplin has for over three decades been at the forefront of innovation in the study of Greek literature and of the Greek theatre tragic and comic in particular The studies in this volume centre on three key areas the performance of Greek literature the interactions between literature and the visual realm of iconography and the reception and appropriation of Greek literature and of Greek culture more widely in subsequent historical periods

Classical Antiquity and the Cinematic Imagination Martin M. Winkler, 2024-02-22 This book aims to enhance our appreciation of the modernity of the classical cultures and conversely of cinema's debt to ancient Greece and Rome It explores filmic perspectives on the ancient verbal and visual arts and applies what is often referred to as pre cinema and what Sergei Eisenstein called cinematism that paintings statues and literature anticipate modern visual technologies The motion of bodies depicted in static arts and the vividness of epic ecphrases point to modern features of storytelling while Plato's Cave Allegory and Zeno's Arrow Paradox have been related to film exhibition and projection since the early days of cinema The book additionally demonstrates the extensive influence of antiquity on an age dominated by moving image media as with stagings of Odysseus arrow shot through twelve axes or depictions of the Golden Fleece Chapters interpret numerous European and American silent and sound films and some television productions and digital videos
