Ewanfoh,2017-03-26 Classic Series of William Shakespeare in 7 Volumes Shakespeare was extremely powerful in his development of characters and their roles in his stories and by extension what they portray in the general society Here is this short collections are some of his best works Seven masterpieces to keep you thinking and appreciating him even more Enjoy the masterpieces of William Shakespeare Othello William Shakespeare,2020-05-22 Shakespeare creates a powerful drama of a marriage that begins with fascination between the exotic Moor Othello and the Venetian lady Desdemona with elopement and with intense mutual devotion and that ends precipitately with jealous rage and violent deaths He sets this story in the romantic world of the Mediterranean moving the action from Venice to the island of Cyprus and giving it an even more exotic coloring with stories of Othello s African past Shakespeare builds so many differences into his hero and heroine differences of race of age of cultural background that one should not perhaps be surprised that the marriage ends disastrously But most people who see or read the play feel that the love that the play presents between Othello and Desdemona is so strong that it would have overcome all these differences were it not for the words and actions of Othello s standard bearer Iago who hates Othello and sets out to destroy him by destroying his love for Desdemona
