Trampoline An Illustrated Novel:

Trampoline Robert Gipe, 2015 When Dawn Jewell fifteen restless curious and wry joins her grandmother's fight against mountaintop removal mining in spite of herself she has to decide whether to save a mountain or save herself be ruled by love or by anger remain in the land of her birth or run for her life Pop Robert Gipe, 2021-02-26 A coming of age story of hope betrayal and familial legacy set in rural Appalachia Set in the run up and aftermath of the 2016 election Pop brings the Canard County trilogy to a close as Dawn the young narrator of Gipe's first novel Trampoline is now the mother of the seventeen year old Nicolette Whereas Dawn has become increasingly agoraphobic as the internet persuades her the world is descending into chaos Nicolette narrates an Appalachia where young people start businesses rooted in local food culture and work to build community But Nicolette's precocious rise in the regional culinary scene is interrupted when her policeman cousin violently assaults her setting in motion a chain of events that threaten to destroy the family and Canard County in the process In the tradition of Gipe's first two novels Pop's Appalachia is full of clear eyed caring creative and complicated people struggling to hang on to what is best about their world and reject what is not Their adventures reflect an Appalachia that is overrun by outside commentators looking for stories to tell about the region sometimes positive sometimes negative but almost always oversimplified **Trampoline** Robert Gipe, 2015-11-20 Dawn Jewell is fifteen She is restless curious and wry She listens to Black Flag speaks her mind and joins her grandmother's fight against mountaintop removal mining almost in spite of herself I write by ear says Robert Gipe and Dawn's voice is the essence of his debut novel Trampoline She lives in eastern Kentucky with her addict mother and her Mamaw whose stance against the coal companies has earned her the community's ire Jagged and honest Trampoline is a powerful portrait of a place struggling with the economic and social forces that threaten and define it Inspired by oral tradition and punctuated by Gipe's raw and whimsical drawings it is above all about its heroine Dawn as she decides whether to save a mountain or save herself be ruled by love or ruled by anger remain in the land of her birth or run for her life Weedeater Robert Gipe, 2020-02-18 Weedeater picks up six years after the end of Robert Gipe's first novel Trampoline and continues the story of the people of Canard County Kentucky living through the last hurrah of the coal industry and battling with opioid abuse The events it chronicles are frantic but its voice is filled with humor and grace **Appalachia on the Table** Erica Abrams Locklear, 2023-04-15 When her mother passed along a cookbook made and assembled by her grandmother Erica Abrams Locklear thought she knew what to expect But rather than finding a homemade cookbook full of apple stack cake leather britches pickled watermelon or other traditional mountain recipes Locklear discovered recipes for devil's food cake with coconut icing grape catsup and fig pickles Some recipes even relied on food products like Bisquick Swans Down flour and Calumet baking powder Where Locklear wondered did her Appalachian food script come from And what implicit judgments had she made about her grandmother based on the foods she imagined she would have been interested in cooking Appalachia on the Table argues in part that since the

conception of Appalachia as a distinctly different region from the rest of the South and the United States the foods associated with the region and its people have often been used to socially categorize and stigmatize mountain people Rather than investigate the actual foods consumed in Appalachia Locklear instead focuses on the representations of foods consumed implied moral judgments about those foods and how those judgments shape reader perceptions of those depicted The question at the core of Locklear's analysis asks How did the dominant culinary narrative of the region come into existence and what consequences has that narrative had for people in the mountains

scholars students and members of the general public who are interested in exploring the field further but will also suggest new methods of engaging with regional studies American studies American literary studies and cultural studies Dopesick Beth Macy, 2018-08-07 Journalist Beth Macy's definitive account of America's opioid epidemic masterfully interlaces stories of communities in crisis with dark histories of corporate greed and regulatory indifference New York Times from the boardroom to the courtroom and into the living rooms of Americans In this extraordinary work Beth Macy takes us into the epicenter of a national drama that has unfolded over two decades From the labs and marketing departments of big pharma to local doctor's offices wealthy suburbs to distressed small communities in Central Appalachia from distant cities to once idyllic farm towns the spread of opioid addiction follows a tortuous trajectory that illustrates how this crisis has persisted for so long and become so firmly entrenched Beginning with a single dealer who lands in a small Virginia town and sets about turning high school football stars into heroin overdose statistics Macy sets out to answer a grieving mother's question why her only son died and comes away with a gripping unputdownable story of greed and need From the introduction of OxyContin in 1996 Macy investigates the powerful forces that led America's doctors and patients to embrace a medical culture where overtreatment with painkillers became the norm In some of the same communities featured in her bestselling book *Factory Man* the unemployed use painkillers both to numb the pain of joblessness and pay their bills while privileged teens trade pills in cul de sacs and even high school standouts fall prey to prostitution jail and death Through unsparing compelling and unforgettably humane portraits of families and first responders determined to ameliorate this epidemic each facet of the crisis comes into focus In these politically fragmented times Beth Macy shows that one thing uniting Americans across geographic partisan and class lines is opioid drug abuse But even in the midst of twin crises in drug abuse and healthcare Macy finds reason to hope and ample signs of the spirit and tenacity that are helping the countless ordinary people ensnared by addiction build a better future for themselves their families and their communities An impressive feat of journalism monumental in scope and urgent in its implications Jennifer Latson *The Boston Globe* Troublesome Rising Melissa Helton, 2024-09-02 The flood came at night forcefully and quickly destroying so many lives in its wake Unfortunately I'm afraid it will happen again and again Carter Sickels In late July 2022 a catastrophic flash flood claimed the lives of more than forty people and devastated homes and communities in Central Appalachia The forty fifth annual Appalachian Writers Workshop at Hindman Settlement School in eastern Kentucky was in progress when surging floodwater forced the participants and staff to rush to higher ground The school lost classrooms housing and gathering areas as well as valuable equipment and irreplaceable artifacts such as historical books and documents photographs and handmade musical instruments from the school archives were damaged As the floodwaters receded throughout the region countless lives were forever changed In this visceral and powerful anthology well known and emerging Appalachian writers create an authentic space for processing and healing as they document and share the depth of the flood's devastation Through words and images

Troublesome Rising reveals the writers fears desperation sadness and anger while detailing and examining the disaster s causes the need for solutions and how flooding has historically impacted the Appalachian community and culture In a shared varied and resounding voice this compelling collection not only serves as a historical document and an in depth investigation of the event but also as a celebration of Appalachian strength determination and resilience *Trampoline Boy* Nan Forler,2018-03-06 A lyrical picture book about the joy of jumping and a springboard for discussion about unique perspectives Through the eyes of a character we only know as Trampoline Boy we are invited to understand how he sees the world His favorite thing to do is jump up and down up and down on his trampoline Kids walk by and tease him but he remains steadfast and calm One day a quietly exuberant girl Peaches is fascinated by his jumping Trampoline Boy wordlessly invites her to jump with him and by spending this time with him Peaches and readers get to see how important and valuable different perspectives are Writers by the River Donia S.
