**Subversion and Desire** Manu Bazzano, 2023-06-07 This book presents the importance of subversion in psychotherapy and reevaluates the positive role of desire as an integrating force in the individual and collective psyche The text provides a solid philosophical frame which helps to expand the scope of contemporary psychotherapy at a time when it is being curtailed by a reductionist neoliberal zeitgeist The latter emphasizes cognition over motivation behaviour over emotion consciousness over the unconscious the self over the organism and tends to reframe psychotherapeutic practice as a reprogramming of individuals In response this book outlines concerted acts of

soft subversion which can undermine the status quo and open new possibilities of individual and collective transformation The author also retraces and reassesses some of the more inspiringly subversive legacies in psychoanalysis with a view to sketching a life affirming psychology wedded to broadminded political engagement Covering psychotherapy politics art and literature and social and cultural theory this book will appeal to anyone interested in understanding how psychotherapy and philosophy can be more radical and subversive endeavours
