

How does Transformational Coaching work?

Transformational Coaching focuses on

“Being” vs. “Doing”

You can think of “doing,” in simple terms, as the actions you take.

“Being,” on the other hand, is who you are. It’s what you find underneath all the doing.

Stories and Storytelling

We tell ourselves stories all the time, and these stories impact how we think, feel, see ourselves, and even how we related to others. They play a crucial role in our lives, who we are, and what we do.

Negative Thought Patterns

we work on first consciously recognizing negative thought patterns, and then rewiring them and replacing them with something more positive and empowering.

Self-Awareness

Who are you really? What are your values and beliefs? What’s important to you, and what internal factors are holding you back?

Limiting Beliefs

When we allow our limiting beliefs to influence our decisions, we are holding ourselves back from achieving what is really possible.

Gaining self-awareness allows you to become the most empowered and authentic version of yourself.
