Transnational and Immigrant Entrepreneurship in a Globalized World Barbara Anne Carmichael, Israel Drori, Benson Honig, 2010-01-01 Transnational and Immigrant Entrepreneurship in a Globalized World brings together leading international scholars from a cross disciplinary basis to examine the economic social regulatory technological and theoretical issues related to the impact of transnational entrepreneurs on business and economic development Academy of Management Annual Meeting Academy of Management, 2010 *From Immigrant To Transnational Diaspora Entrepreneur: The Roles Of Enclaves In Their Entrepreneurial Journey* Osa-godwin Osaghae, Thomas M Cooney, 2024-03-14 This book focuses on the role of immigrants in building economic social and political relationships between countries In this era of growing global interconnectedness international migration and immigrant issues have become a significant source of disunity between countries In some receiving countries immigrants are now workforce replacements for an ageing population while in sending countries immigrants use the experience gained in their country of residence for investment and entrepreneurial activity in their country of origin This has led to the suggestion that immigrant activities are no longer a process of bridging the economic imbalance between nations but rather the bridging of economic social and political relationships Transnational diaspora entrepreneurial activity relies on the relationship between immigrants and their home country their understanding of the economic political and social systems in both their home and host countries and the demand for their home country's cultural goods As the demand for home cultural goods grows there is a need to establish businesses that can operate across multiple environments This book posits that transnational diaspora entrepreneurship can be seen as the internationalization process of immigrant entrepreneurship It explains the role of enclaves in supporting this activity and offers valuable insights into how immigrant enclave activity and informal networking influence transnational diaspora entrepreneurship
