Trap Mr Wrong Marrying Person:

The Trap of Mr. Wrong Rose K Nachilima,2015-12-12 In spite of the fact that nearly half of all marriages end in divorce I think it is safe to say most of these couples get married wanting their marriage to work This isn't to say they don't go into it with the attitude of if it doesn't work we can get a divorce but no one at least I hope no one gets married wanting their marriage to fail Loving someone until death isn't easy in the best and most committed marriages You won't always agree on how to spend money raise kids or spend the holidays You won't always want the same things have the same goals come from similar backgrounds or have the same likes and dislikes After all you are two separate people There is a right way and a wrong way to get to know someone for marriage The wrong way is to get caught up in the excitement and nuance of a budding relationship and in the process completely forget to ask the critical questions that help determine compatibility So how does it happen How does a marriage actually make it even thrive for twenty thirty fifty or even sixty plus years
