The Abused and the Abuser Warwick Middleton, Adah Sachs, Martin J. Dorahy, 2019-10-23 Severe abuse often occurs in settings where the grouping whether based around a family or a community organisation or institution outwardly appears to be very respectable The nature of attachment dynamics allied with threat discrediting the manipulation of the victim s dissociative defences long term conditioning and the endless invoking of shame mean that sexual physical and emotional abuse may in some instances be essentially unending Even when separation from the long term abuser is attempted it may initially be extremely difficult to achieve and there are some individuals who never achieve this parting Even when the abuser is dead the intrapsychic nature of the enduring attachment experienced by their

victim remains complicated and difficult to resolve This volume includes multiple perspectives from highly experienced clinicians researchers and writers on the nature of the relationship between the abused and their abuser s No less than five of this international grouping of authors have been president of the International Society for the Study of Trauma and Dissociation the world s oldest international trauma society This book which opens with a highly original clinical paper on weaponized sex by Richard Kluft one of the foremost pioneers of the modern dissociative disorders field concludes with a gripping historical perspective written by Jeffrey Masson as he reengages with issues that first brought him to worldwide prominence in the 1980s Between these two pieces the contributors all highly acclaimed for their clinical theoretical or research work present original cutting edge work on this complex subject This book was originally published as a double special issue of the Journal of Trauma and Dissociation

Global Perspectives on Dissociative Disorders Vedat Sar, Warwick Middleton, Martin Dorahy, 2016-04-08

Dissociative disorders are one of the psychiatric consequences of childhood psychological trauma While oppression is an aspect of traumatic conditions dissociation undermines resistance to oppression throughout a person s lifespan Neither oppression nor dissociation are restricted to particular cultures and both can affect the individual as well as societies This collection engages with the universality of dissociative disorders and their close relationship to oppression The chapters cover extreme examples such as ongoing incest in adulthood children and adults forced to kill others and abusive states in interrogation Further subjects examined include the utilization of dissociation in postmodern societies to maintain oppression the oppressive conditions of asylum seekers and the consequences of oppression as they are dealt with in psychotherapy The final chapter considers how a paedophile pandering network employed multi layered oppression to prevent the public becoming aware of the widespread and organised abuse of children This book will engender interactions between trauma investigators those whose approach is close clinical observation those who use instruments to survey groups of individuals those whose research takes the form of investigative journalism and those who examine the truth embedded or hidden in documents created for multiple and at times disturbing political purposes Portions of this book were originally published as a special issue of the Journal of Trauma Dissociation It also includes material from other sources
