Traveling as historians, social critics, ethnographers, and artists, Frances Erskine Inglis (1806-82), Maria Graham (1785-1842), Flora Tristan (1803-44), Fredrika Bremer (1801-65), and Adela Breton (1849-1923) reshaped the map of nineteenth-century Latin America. Organized by themes rather than by individual authors, this book examines European women's travels as a spectrum of narrative discourses ranging from natural history, history, and ethnography. Women's social condition becomes a focal point of their travels. By combining diverse genres and perspectives, women's travel writing ushers a new vision of post-independence societies. The trope of pilgrimage conditions the female travel experience, which suggests both the meta-end of the journey as well as the broader cultural frame shaping their individual itineraries. *The Traveler's Web* Randolph Hock, 2007. **Che's Travels** Paulo Drinot, 2010-09-01. Country by country, historians follow the routes taken by Che Guevara on his two trips across Latin America in the early 1950s. **Travelling Chronicles: News and Newspapers from the Early Modern Period to the Eighteenth Century** Siv Gøril Brandtzæg, Paul Goring, Christine Watson, 2018-04-03. *Travelling Chronicles* presents fourteen episodes in the history of news written by some of the leading scholars in the rapidly developing fields of news and newspaper studies. Ranging across eastern and western Europe and beyond, the chapters look back to the early modern period and into the eighteenth century to consider how the news of the past was gathered and spread, how news outlets gained respect and influence, how news functioned as a business, and also how the historiography of news can be conducted with the resources available to scholars today. *Travelling Chronicles* offers a timely analysis of early news at a moment when historical newspaper archives are being widely digitalised and as the truth value of news in our own time undergoes intense scrutiny. **Travels Into Print** Innes M. Keighren, Charles W. J. Withers, Bill Bell, 2015-05-11. The Age of Exploration and Discovery may well have started in the 15th century, but for the British, the 19th century saw the rise of the British Empire and an explosion in world travel. The travel narratives written during this century were profuse, and by some estimates, more travel narratives were written during the first half of the 19th century than in all preceding centuries. These accounts tell of wondrous zoological and botanical finds, of topography never before imagined, and of exotic peoples as well. At the time, there was one publisher, John Murray, known for its utter domination of the travel narrative field. The caliber and profile of their list was known throughout the UK and Europe and into the US as well. The authors of the house included Jane

Austen Lord Byron Washington Irving and Sir Walter Scott And in its list of travel writing and exploration the house boasted the authors Charles Darwin and Charles Lyell Murray s name became as synonymous with travel writing and exploration as it was with literary giants Travels into Print is a tour through the archives and files of the House of Murray and marvelous expedition in the geography of travel and exploration writing knowledge and reception in the 19th century Rather than focusing on narratives of a particular region or scientific area of interest or particular period the work uses a source that cuts across all of these areas the publisher Steeped in book files and correspondence about edits and revisions sent between Murray and his staff and explorers the book addresses the ways in which the texts were written the role of truth in the accounts correspondence as a form of production and the writings as travel documents This is a wonderful history of the book told from the perspective of a legendary book and author maker Sharing Yerba Mate Rebekah E. Pite,2023-09-14 Drinking yerba mate is a daily communal ritual that has brought together South Americans for some five centuries In lively prose and with vivid illustrations Rebekah E Pite explores how this Indigenous infusion made from the naturally caffeinated leaves of a local holly tree became one of the most distinctive and widely consumed beverages in the region Latin American food and commodity studies have focused on consumption in the global north but Pite tells the story of yerba mate in South America illuminating dynamic and exploitative circuits of production promotion and consumption Ideas about who should harvest and serve yerba mate along with visions of the archetypical mate drinker persisted and were transformed alongside the shifting politics of class race and gender This global history takes us from the colonial R o de la Plata to the top yerba consuming and producing nations of Argentina Brazil Paraguay and Uruguay with excursions to Chile the Middle East Europe and the United States where yerba mate is now sold as a superfood For readers eager to understand South America and its unique drink Sharing Yerba Mate is an essential text that delves into an everyday ritual to expose systems of power and the taste of belonging
