Treasure In Heaven The Holy Poor In Early Christianity Richard Lectures:

Treasure in Heaven Peter R. Brown, 2016-03-08 The holy poor have long maintained an elite status within Christianity Differing from the real poor these clergymen teachers and ascetics have historically been viewed by their fellow Christians as persons who should receive material support in exchange for offering immeasurable immaterial benefits teaching preaching and prayer Supporting them quite as much as supporting the real poor has been a way to accumulate eventual treasure in heaven Yet from the rise of Christian monasticism in Egypt and Syria to present day Christians have argued fiercely about whether monks should work to support themselves In *Treasure in Heaven* renowned historian Peter Brown shifts attention from Western to Eastern Christianity introducing us to this smoldering debate that took place across the entire Middle East from the Euphrates to the Nile Seen against the backdrop of Asia Christianity might have opted for a Buddhist model by which holy monks lived by begging alone Instead the monks of Egypt upheld an alternative model that linked the monk to humanity and the monastery to society through acceptance of the common human bond of work This model of Third World Christianity a Christianity that we all too easily associate with the West eventually became the basis for the monasticism of western Europe as well as for modern Western attitudes to charity and labor In *Treasure in Heaven* Brown shows how and why we are still living at times uncomfortably with that choice [Managing Financial Resources in Late Antiquity](#)

Gerasimos Merianos, George Gotsis, 2018-03-21 This book examines the views of Greek Church Fathers on hoarding saving and management of economic surplus and their development primarily in urban centres of the Eastern Mediterranean from the late first to the fifth century The study shows how the approaches of Greek Fathers such as Clement of Alexandria Basil of Caesarea John Chrysostom Isidore of Pelusium and Theodoret of Cyrrhus to hoarding and saving intertwined with stances toward the moral and social obligations of the wealthy It also demonstrates how these Fathers responded to conditions and practices in urban economic environments characterized by sharp inequalities Their attitudes reflect the gradual widening of Christian congregations but also the consequences of the socio economic evolution of the late antique Eastern Roman Empire Among the issues discussed in the book are the justification of wealth alternatives to hoarding and the reception of patristic views by contemporaries **Reading the Hindu and Christian Classics** Francis X. Clooney, 2019-10-28 We live in an era of unprecedented growth in knowledge Never before has there been so great an availability of and access to information in both print and online Yet as opportunities to educate ourselves have greatly increased our time for reading has significantly diminished And when we do read we rarely have the patience to read in the slow sustained fashion that great books require if we are to be truly transformed by them In *Reading the Hindu and Christian Classics* renowned Harvard Divinity School professor Francis Clooney argues that our increasing inability to read in a concerted manner is particularly notable in the realm of religion where the proliferation of information detracts from the learning of practices that require slow and patient reading Although awareness of the world s many religions is at an all time high deep knowledge of the various traditions has

suffered Clooney challenges this trend by considering six classic Hindu and Christian texts dealing with ritual and law catechesis and doctrine and devotion and religious participation showing how in distinctive ways such texts instruct teach truth and draw willing readers to participate in the realities they are learning Through readings of these seminal scriptural and theological texts he reveals the rewards of a more spiritually transformative mode of reading and how individuals and communities can achieve it

Winged Stallions and Wicked Mares Wendy Doniger, 2021-04-27 Horses are not indigenous to India They had to be imported making them expensive and elite animals How then did Indian villagers who could not afford horses and often had never even seen a horse create such wonderful horse stories and brilliant visual images of horses In *Winged Stallions and Wicked Mares* Wendy Doniger called the greatest living mythologist examines the horse's significance throughout Indian history from the arrival of the Indo Europeans followed by the people who became the Mughals who imported Arabian horses and the British who imported thoroughbreds and Walers Along the way we encounter the tensions between Hindu stallion and Arab mare traditions the imposition of European standards on Indian breeds the reasons why men ride mares to weddings the motivations for murdering Dalits who ride horses and the enduring myth of foreign horses who emerge from the ocean to fertilize native mares

Three Rings Daniel Mendelsohn, 2020-09-08 In this genre defying book best selling memoirist and critic Daniel Mendelsohn explores the mysterious links between the randomness of the lives we lead and the artfulness of the stories we tell Combining memoir biography history and literary criticism *Three Rings* weaves together the stories of three exiled writers who turned to the classics of the past to create masterpieces of their own works that pondered the nature of narrative itself Erich Auerbach the Jewish philologist who fled Hitler's Germany and wrote his classic study of Western literature *Mimesis* in Istanbul Fran ois F nelon the seventeenth century French archbishop whose ingenious sequel to the *Odyssey* *The Adventures of Telemachus* a veiled critique of the Sun King and the best selling book in Europe for one hundred years resulted in his banishment and the German novelist W G Sebald self exiled to England whose distinctively meandering narratives explore Odyssean themes of displacement nostalgia and separation from home Intertwined with these tales of exile and artistic crisis is an account of Mendelsohn's struggles to write two of his own books a family saga of the Holocaust and a memoir about reading the *Odyssey* with his elderly father that are haunted by tales of oppression and wandering As *Three Rings* moves to its startling conclusion a climactic revelation about the way in which the lives of its three heroes were linked across borders languages and centuries forces the reader to reconsider the relationship between narrative and history art and life

Journeys of the Mind Peter Brown, 2025-10-28 A beautifully written personal account of the discovery of late antiquity by one of the world's most influential and distinguished historians The end of the ancient world was long regarded by historians as a time of decadence decline and fall In his career long engagement with this era the widely acclaimed and pathbreaking historian Peter Brown has shown however that the neglected half millennium now known as late antiquity was in fact crucial to the development of modern Europe and the Middle East In *Journeys of the*

Mind Brown recounts his life and work describing his efforts to recapture the spirit of an age As he and other scholars opened up the history of the classical world in its last centuries to the wider world of Eurasia and northern Africa they discovered previously overlooked areas of religious and cultural creativity as well as foundational institution building A respect for diversity and outreach to the non European world relatively recent concerns in other fields have been a matter of course for decades among the leading scholars of late antiquity Documenting both his own intellectual development and the emergence of a new and influential field of study Brown describes his childhood and education in Ireland his university and academic training in England and his extensive travels particularly in the eastern Mediterranean and the Middle East He discusses fruitful interactions with the work of scholars and colleagues that include the British anthropologist Mary Douglas and the French theorist Michel Foucault and offers fascinating snapshots of such far flung places as colonial Sudan midcentury Oxford and prerevolutionary Iran With *Journeys of the Mind* Brown offers an essential account of the grand endeavor to reimagine a decisive historical moment

The holy Bible, with a comm. arranged in lectures, by C. Girdlestone Charles Girdlestone, 1842 **The Wandering Holy Man** Johannes Hahn, Volker Menze, 2020-06-09 Barsauma was a fifth century Syrian ascetic archimandrite and leader of monks notorious for his extreme asceticism and violent anti Jewish campaigns across the Holy Land Although Barsauma was a powerful and revered figure in the Eastern church modern scholarship has widely dismissed him as a thug of peripheral interest Until now only the most salacious bits of the Life of Barsauma a fascinating collection of miracles that Barsauma undertook across the Near East had been translated This pioneering study includes the first full translation of the Life and a

series of studies by scholars employing a range of methods to illuminate the text from different angles and contexts This is the authoritative source on this influential figure in the history of the church and his life travels and relations with other religious groups Historical Essays on the Worship of God Thomas Kimber,1890
