Peter Ellis

Understanding Ethics For Nursing Students Transforming Nursing Practice Series:

Understanding Ethics for Nursing Students Peter Ellis, 2014-11-10 Ethics is at the heart of nursing practice and an understanding of it and what it means for nursing is essential from early in the career of any nurse. However, ethical concepts can be hard to grasp for those new to the subject. This book explains ethical ideas in easy-to-understand terms and relates ethics to day-to-day nursing situations to help readers apply principles to their practice. The book also challenges readers to consider their own values and where ethics fits into who they are and how they behave. Key features include an introductory guide to ethics to help students and those new to the subject understand how it applies to nursing, the linking of each chapter to the latest NMC standards relating to ethical issues, case studies and scenarios that show how to resolve real ethical dilemmas, activities throughout to challenge readers to apply what they have learnt to their own practice. *Understanding Ethics for Nursing Students* Peter Ellis, 2014-11-10 Ethics is at the heart of nursing practice and an understanding of it and what it means for nursing is essential from early in the career of any nurse. However, ethical concepts can be hard to grasp for those new to the subject. This book explains ethical ideas in easy-to-understand terms and relates ethics to day-to-day nursing situations to help readers apply principles to their practice. The book also challenges readers to consider their own values and where ethics fits into who they are and how they behave. Key features include an introductory guide to ethics to help students and those new to the subject understand how it applies to nursing, the linking of each chapter to the latest NMC standards relating to ethical issues, case studies and scenarios that show how to resolve real ethical dilemmas, activities throughout to challenge readers to apply what they have learnt to their own practice. **Understanding Research for**

Nursing Students Peter Ellis, 2016-02-27 Do your students find research difficult to engage with or want a textbook that is easy to read? Right from the start of their programme, it is crucial for nursing students to be able to understand and evaluate current research to support their learning. This book helps students recognise what good research is by providing an introductory guide to the main research methodologies used in nursing. It simplifies complex terminology and puts research into context for nursing students with clear examples and case studies. Key features: Written in clear, easy-to-follow language. Each chapter is linked to relevant NMC Standards and Essential Skills Clusters. A companion website with 9 podcasts to bring topics from the book to life. **Reflective Practice in Nursing** Lioba Howatson-Jones, 2016-02-27 Would you like to

develop some strategies to manage knowledge deficits, near misses and mistakes in practice? Are you looking to improve your reflective writing for your portfolio essays or assignments? Reflective practice enables us to make sense of and learn from the experiences we have each day and, if nurtured properly, can provide skills that you will come to rely on throughout your nursing career. Using clear language and insightful examples, scenarios and case studies, the third edition of this popular and bestselling book shows you what reflection is, why it is so important, and how you can use it to improve your nursing practice. Key features: Clear and straightforward introduction to reflection, directly written for nursing students and new nurses. Full of

activities designed to build confidence when using reflective practice Each chapter is linked to relevant NMC Standards and Essential Skills Clusters

Evidence-based Practice in Nursing Peter Ellis, 2016-05-28 Do your students ever struggle to grasp what exactly constitutes evidence or struggle to see how it applies to practice Would you like them to feel more confident about critiquing evidence The need for an evidence base for nursing practice is widely accepted However what constitutes evidence and how nurses might apply it to practice is not always clear This book guides nursing students through the process of identifying appraising and applying evidence in nursing practice It explores a wide range differing sources of evidence and knowledge and helps students to develop key skills of critiquing research and using evidence in clinical decision making

Understanding Ageing for Nurses and Therapists Wilfred McSherry, Linda Rykkje, Susan Thornton, 2021-06-08 This volume is a practical resource for all those responsible for caring for older people across health and social care It provides a comprehensive and holistic approach helping nurses therapists and social care professionals to better understand the impact of ageing upon the person and wider society A unique feature of this text is the focus upon positive ageing and the attempt to dispel and challenge some of the myths prejudices and negative attitudes that still prevail towards ageing and older people A key objective of the book is to introduce practitioners to some of the neglected or under addressed aspects of ageing such as spirituality sexuality and LGBT Chapters are written in an engaging and interactive style and where appropriate draw upon case studies and scenarios to maximize engagement developing competence by informing knowledge attitudes and skills The text introduces the practitioner to key dimensions of what it is to be a person physically psychologically socially and spiritually and how these contribute to the ageing process and can enhance the quality of life of older people Irrespective of whether one cares for older people in an acute hospital setting or domiciliary home care this text will be of relevance The material and content transcend health and social care boundaries providing valuable contemporary evidence that can inform and shape practice Above all this text will encourage reflection dialogue and engagement with some fundamental aspects of ageing challenging attitudes values and behaviour so that a more positive and balanced insight towards ageing is fostered This book will ensure that self awareness and professional practice are enriched and informed and the practitioner has a holistic understanding of ageing that will enable them to care for older people with compassion dignity and respect

Transition to Nursing Practice Angela Darvill, Melanie Stephens, Jacqueline Leigh, 2021-11-24 The transition from student to newly registered nurse can be daunting but with the right preparation you can step into your new role with confidence This book provides valuable guidance on what to expect practical strategies for easing the transition and advice for supporting your ongoing personal and professional development Key features o Each chapter is mapped to the new 2018 NMC standards o A new chapter on contemporary trends in nursing covers digital skills peer facilitation integrated working and more o Self assessment tools and reflective activities help you to examine your competencies and identify goals for your development o A chapter on health and wellbeing illustrates the importance of self care and recommends strategies

to reduce stress and build resilience

Psychosocial Interventions in Mental Health Nursing Sandra

Walker,2014-11-18 In order to give high quality care it is essential that mental health nurses have a solid grasp of the most common therapies and interventions used in mental healthcare If nurses understand what the various interventions involve then they will be much better equipped to support patients through their recovery This is a practical engaging introduction to the major psychosocial interventions that demonstrates to students what the interventions are why they are important and how they can be used Key features Interactive approach through realistic case studies that show how interventions can work to promote recovery A patient centred approach considers the social as well as psychological aspects of mental healthcare Each chapter is mapped to the relevant NMC standards and Essential Skills Clusters so that readers can see how they are meeting their professional requirements Activities throughout challenge the reader to think critically and develop graduate skills

Safeguarding Adults in Nursing Practice Ruth Northway,Robert Jenkins,2017-01-20

All nurses whatever setting will encounter people who are at risk Harrowing examples of abuse and neglect are frequently in the headlines and the nursing profession has a crucial responsibility to play in ensuring that vulnerable patients are cared for and safeguarded This Second Edition answers all of the key questions including What is neglect What makes someone vulnerable What role does safeguarding play What does good safeguarding look like Why can safeguarding fail How can positive practice be developed What are the professional and legal responsibilities facing nurses This helpful resource will improve readers understanding of the policy practice and research underpinning safeguarding while also preparing them for their important role as an advocate for and safeguarder of the people in their care

Critical Thinking and Writing for Nursing Students Bob

Price,Anne Harrington,2016-01-30 This book is a clear and practical guide to help students develop critical thinking writing and reflection skills It explains what critical thinking is and how students should use it throughout their nursing programme This new edition also provides an innovative new framework that helps students appreciate different levels of critical thinking and reflection to help nursing students appreciate the requirements of degree level study The book demonstrates the transferable nature of critical thinking and reflection from academic contexts to the real practice of nursing Key features Clear and straightforward introduction to critical thinking directly written for nursing students with chapters relating the subject to specific study and practice contexts Student examples and scenarios throughout including running case studies from four nursing students and further annotated examples of student s work on the website Each chapter is linked to the new NMC Standards and Essential Skills Clusters
