indispensable The importance of leadership and the impact of individual leaders has long been the subject of debate Are they
made by history or do they make it In Indispensable Harvard Business School professor Gautam Mukunda offers an enticingly
fresh look at how and when individual leaders really can make a difference By identifying and analyzing the hidden patterns
of their careers and by exploring the systems that place these leaders in positions of power Indispensable sheds new light on
how we may be able to identify the best leaders and what lessons we can learn from both the process and the result Profiling
a mix of historic and modern figures from Thomas Jefferson and Abraham Lincoln to Winston Churchill and Judah Folkman
and telling the stories of how they came to power and how they made the most important decisions of their lives
Indispensable reveals how when and where a single individual in the right place at the right time can save or destroy the
organization they lead and even change the course of history Indispensable will also help you understand this new model so
you can use it in your own life whether you re a citizen casting a ballot an executive choosing your next CEO or a leader
