To Each Their Own 2nd Edition A Comedie In The Shakespearean Style

William Shakespeare

To Each Their Own 2nd Edition A Comedie In The Shakespearean Style:

To Each Their Own (2nd Edition) Greg Robin A. Smith, 2014-03-16 To Each Their Own is a modern wit comedy in the style of the Theatre of Elizabeth I written with a scholar's research and a modern Shakespearean actor's wit. It includes many of the elements we like seeing in Shakespeare: sassy servants, pompous Noblemen, love at first sight, shipwrecks, magic, fights, sacrifice, and slapstick, and language that conveys much more than single emotions. **Comedies. Two gentlemen of Verona** William Shakespeare, 1847 **Mr. William Shakespeare's comedies, histories, tragedies and poems, the text newly ed. with notes by R.G. White** William Shakespeare, 1883 **Auction Sale Prices**, 1904 The Works of William Shakespeare: Measure for measure. Comedy of errors. 1854 William Shakespeare, 1854 **Twelfth Night** James Schiffer, 2025-05-10 This new volume in the Shakespeare The Critical Tradition increases our knowledge of how Twelfth Night was received and understood by critics, editors, and general readers. The volume offers in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play. The volume features criticism from key literary figures such as Thomas De Quincey, Charles Knight, Mary Cowden Clarke, Charles Lamb, George Bernard Shaw, and Caroline F. E. Spurgeon. The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue, whereas the introduction offers a critical evaluation from a current stance including modern theories and methods. The volume makes a major contribution to our understanding of Twelfth Night and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century. A Companion to Shakespeare's Works, Volume III Richard Dutton, Jean E. Howard, 2008-04-15 This four-volume Companion to Shakespeare's Works, compiled as a single entity, offers a uniquely comprehensive snapshot of current Shakespeare criticism. It brings together new essays from a mixture of younger and more established scholars from around the world: Australia, Canada, France, New Zealand, the United Kingdom, and the United States. It examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism, from performance studies to feminist historicist and textual analysis. Volumes are organized in relation to generic categories: namely, the histories, the tragedies, the romantic comedies, and the late plays, problem plays, and poems. Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre. Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty-first century. This companion to Shakespeare's comedies contains original essays on every comedy from The Two Gentlemen of Verona to Twelfth Night as well as twelve additional articles on such topics as the humoral body in Shakespearean comedy, Shakespeare's comedies on film, Shakespeare's relation to other comic writers of his time, Shakespeare's cross-dressing comedies, and the geographies of Shakespearean comedy. *Shakespeare's Comedy of Twelfth Night* William Shakespeare, 1887 **The Definitive Shakespeare Companion** Joseph Rosenblum, 2017-06-22 This expansive four-volume work gives students detailed explanations of

Shakespeare's plays and poems and also covers his age, life, theater, texts, and language. Numerous excerpts from primary source historical documents contextualize his works while reviews of productions chronicle his performance history and reception. Shakespeare's works often served to convey simple truths but they are also complex, multilayered masterpieces. Shakespeare drew on varied sources to create his plays and while the plays are sometimes set in worlds before the Elizabethan age, they nonetheless parallel and comment on situations in his own era. Written with the needs of students in mind, this four-volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources; and exploration of issues important to his age. The interpretation of his works through productions from the Renaissance to the present and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections with each section presenting summaries, discussions of themes, characters, language, and imagery, and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for student research.

The Literary World, 1881

The Captivating World of E-book Books: A Thorough Guide Unveiling the Pros of E-book Books: A World of Ease and Flexibility Kindle books, with their inherent mobility and simplicity of availability, have freed readers from the constraints of hardcopy books.
