Richard Trayler

To Save America Stopping Obamas Secular Socialist Machine:

To Save America Newt Gingrich, 2010-05-17 Argues that the Obama administration is committed to a secular socialist ideology that threatens traditional American values citing examples of big government corruption and offering strategies for replacing failed policies

To Save America Newt Gingrich, 2011-01-04 The message of this extraordinary election in November 2010 is clear enough the American citizenry has rejected the secular dogma socialist policies and machine driven politics that comprise the Obama agenda Now the question is whether President Obama and his Democratic Party will accept the will of the people and change the destructive course upon which they have set this country First and foremost Republicans must fight to dislodge the secular socialist machine whose methods and goals are described in this book This machine has driven America so deeply into debt and has so fundamentally changed the relationship between the American citizenry and our government that our children's future is now imperiled We cannot assume that after the 2010 election the machine will simply accept the will of the people After all the very purpose of a political machine is to thwart the will of the people

The Obama Hate Machine Bill Press, 2012-01-31 In Toxic Talk Bill Press exposed the ways in which the extreme right wing media has done an end run around the American voting populace by exerting a disproportionate control over open political debate In The Obama Hate Machine Press returns to show how the Right has taken rhetoric to slanderous new levels in attacking the nation's forty fourth president But presidents have always been attacked like this right Wrong As the author shows while presidents and presidential candidates routinely have been subject to personal attacks the outright disdain Obama's extremist opponents have for the facts has inspired an insidious brand of character assassination unique in contemporary politics Obama was born in Kenya Obama sympathizes with Muslim terrorists Obama is a communist who wants to institute death panels and touch off class warfare The extent to which these unfounded assertions have taken hold in the American mindset shows just how ruthless destructive and all powerful the right wing machine hijacked by extremists in the media and fueled by corporate coffers has become The author reveals how corporate interests such as the infamous Koch Brothers continue to steer political coverage away from fact based dialogue into the realm of hysteria Bill Press also observes this phenomenon is not limited to the airwaves and provides an I Hate Obama Book Club list calling out the scores of anti Obama tomes and even some from the Left that have helped drag politics even deeper into the mud In his characteristic on the mark arguments sure to appeal to anyone on the Left or in the Center Press shows how the peculiar nature of Obama hating subverts issue driven debate and threatens not only the outcome of the 2012 election but the future of the American democratic system

Demonizing a President Martin A. Parlett, 2014-08-28 This groundbreaking political exposé scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country The ascendancy of the first Black president was a watershed moment in American history In response Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his

presidency othering him as a foreign and dangerous political figure Never before has a presidential candidate been so maligned by so many in such a variety of ways and yet won This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it Martin A Parlett himself a former campaigner for Barack Obama examines the role identity politics and racialization played in the anti Obama movement shows how foreignization is the latest tool for political dissent and discusses the ways in which Obama successfully used the outsider label to his own advantage The book questions the popular and often contradictory notions of Obama as illegitimate Muslim Marxist Communist socialist Kenyan terrorist and angry African American Additionally chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement concluding with the culture of distrust in the American political psyche since the events of September 11 2001 *The "S" Word* John Nichols, 2011-03-21 Political reporter Nichols argues that socialism has a long proud American history This short irreverent book gives Americans back a crucial part of their history and makes a forthright case for socialist ideas today *How to Be Secular* Jacques Berlinerblau, 2012-09-11 Why secularism isn't the same thing as atheism and why it's crucial for preserving liberty and democracy for all Americans regardless of their beliefs Founding father Thomas Jefferson believed that religion is a matter which lies solely between man and his God but these days many people seem to have forgotten this ideal Conservatives claim America is a Christian nation and urge that laws be structured around religious convictions Hardcore atheists meanwhile seek to undermine and attack religion at all levels Surely there must be a middle ground In *How to Be Secular* Jacques Berlinerblau issues a call to the moderates those who are tired of the belligerence on the fringes that we return to America's long tradition of secularism which seeks to protect both freedom from and for religion He looks at the roots of secularism and examines how it should be bolstered and strengthened so that Americans of all stripes can live together peacefully Jacques Berlinerblau mounts a careful judicious and compelling argument that America needs more secularists The author's argument merits a wide hearing and will change the way we think and talk about religious freedom Randall Balmer author of *Thy Kingdom Come* How the Religious Right Distorts Faith and Threatens America **Race in the Age of Obama** Donald Cunnigen, Marino A. Bruce, 2010-12-17 Looks at the impact of the key sociological issues faced by the new Obama Administration and explores conventional topics on race and ethnic relations as well as delving into fresh areas of intellectual inquiry regarding the changing scope of race relations in a global context This title examines the 2008 Presidential Election Political Evil Alan Wolfe, 2012-09-04 A timely eye opening examination of political evil a concept widely misunderstood and desperately in need of clarification in our ever more chaotic world In an age of genocide terrorism ethnic cleansing and torture evil threatens us in ways radically different from tsunamis and financial panics Nature unleashes its wrath and people rush to help the victims Evil shows its face and we are paralyzed over how to respond It was not always this way During the twentieth century thinkers as diverse as Hannah Arendt Reinhold Niebuhr Arthur Koestler and George

Orwell made evil central to everything they wrote Acclaimed political scientist Alan Wolfe argues that in an age of partisan blame assigning therapeutic excuse making and theological question dodging we need to get serious about the problem of evil once again While there will always be something incomprehensible about evil we are very much capable of understanding and combating the use of evil means to obtain political ends Looking at examples of political evil around the globe in the Middle East Darfur the Balkans and at home in the West Wolfe shows us how seemingly small distinctions can make an immense difference in international response And he makes clear that much needed change can be initiated with a shift in how we talk and think about political evil At once impassioned and pragmatic Political Evil sheds essential light on the creation of policy and on a concrete path to a more practicable and just future *The Natural Order* William

Stansmore, 2011-07-08 This book was inspired by my old friend and scholar Norman Dodd who many years ago brought to my attention the idea of a Natural Order an order laid down by God as a means to bring our country back to the course first established by our nation s Founding Fathers a course from which we have dangerously strayed It is my contention that such a natural order does exist and there will truly never be peace in the world until humanity is made aware of understands and ultimately conforms to that order In light of experience two conclusions may be observed 1 History attests to the sensitivity of men to the existence of this order 2 That sensitivity has been intelligently nullified It is our intention to present the nature of The Natural Order to indicate why our sensitivity to that order has been nullified and to demonstrate the means by which that order may restored implemented and made universally known This work is an attempt to re establish the importance of absolute values in a world where such values are becoming increasingly irrelevant and the necessity of preserving those immutable and self evident truths upon which was established our nation s framework and foundation Norman Dodd s dream was to establish and implement a Curriculum of The Civilizing Arts whose purpose is to clarify and strengthen the original commitments which underlie and empower the United States Constitution and Declaration of Independence It is my purpose to help make his dream a reality As such it is a compilation of our shared ideas and mutual dreams I was born in England but spent most of my life on the east coast of the United States I am intent on protecting preserving and implementing the hopes and aspirations of our country s Founding Fathers My formal education consists of a BA from Brown University Masters of Divinity M Div from Yale University and a Ph D from Trinity College Cambridge University England **Life Is Short**

Compared to Eternity Richard Traylor, 2010-11 Who was and is Jesus Christ What is the gospel of Jesus Christ Is the Bible trustworthy How can the gospel of Jesus Christ benefit you Apologetics What are the central teachings of Islam atheism and secular socialism and why do these fail to measure up to Biblical Christianity Polemics What are the major yet to be fulfilled biblical prophecies and how will these affect you Prophecy The Bible says that God created you in His image that God loves you and wants to have a personal relationship with you How can you know God and have a personal relationship with Him How can you grow and mature spiritually Spiritual Growth How can you share your faith with others Witnessing and
