Libal,2015-02-03 If your parents were unable to care for you where would you go Do you have family or friends who would take you in and support you Unfortunately many children don t have this option The foster care system was put in place to help young people who find themselves without homes As you follow the story of Bobby and Cara two children whose family was torn apart you ll discover more about the foster care system You ll learn about the history behind the system from the Orphan Trains in the United States to the British Home Children who were originally sent to Canada and you ll discover some of the challenges young people in the foster care system face today **Strengthening School Counselor Advocacy and**

Practice for Important Populations and Difficult Topics Rausch, Meredith A.,Gallo, Laura L.,2021-01-29 School counselors often struggle to feel confident in delivering effective assistance to students due to a variety of reasons that currently do not have enough research or information developed This leads to a struggle for counselors to adequately address tough and relevant issues With these issues remaining unaddressed or addressed less effectively there is a concern that school counselors cannot mitigate these issues due to not being adequately informed This can lead to a lifetime of consequences for students **Strengthening School Counselor Advocacy and Practice for Important Populations and Difficult Topics** presents emerging research that seek to answer the tough and often unaddressed questions target present day issues of student populations and prepare school counselors to feel confident and competent in their counseling and advocacy practice These chapters using the newest information available will address these concerns and provide the best counseling work possible for underserved populations While covering research on counseling for students with chronic illnesses mixed statuses family issues minority students LGBTQ youth and more this book is ideal for school counselors counseling educators practitioners stakeholders researchers academicians and students who are interested in school counseling and meeting the needs of diverse and important populations of students Raising Government Children Catherine E. Rymph,2017-10-10 In

the 1930s buoyed by the potential of the New Deal child welfare reformers hoped to formalize and modernize their methods partly through professional casework but more importantly through the loving care of temporary substitute families Today however the foster care system is widely criticized for failing the children and families it is intended to help How did a vision of dignified services become virtually synonymous with the breakup of poor families and a disparaged form of welfare that stigmatizes the women who provide it the children who receive it and their families Tracing the evolution of the modern American foster care system from its inception in the 1930s through the 1970s Catherine Rymph argues that deeply gendered domestic ideals implicit assumptions about the relative value of poor children and the complex public private

nature of American welfare provision fueled the cultural resistance to funding maternal and parental care. What emerged was a system of public social provision that was actually subsidized by foster families themselves, most of whom were concentrated toward the socioeconomic lower half, much like the children they served. Analyzing the ideas, debates, and policies surrounding foster care and foster parents' relationship to public welfare, Rymph reveals the framework for the building of the foster care system and draws out its implications for today's child support networks. **Adoption Beyond**

Borders Dr. Rebecca Compton, 2016-02-15. Now Available in Paperback. *Adoption Beyond Borders* endorses international adoption as a viable path to child welfare by exploring key topics including: Effects of institutionalization on children's developing brains, cognitive abilities, and socioemotional functioning; Challenges of navigating issues of identity when adopting across national, cultural, and racial lines; Strong emotional bonds that form even without genetic relatedness; How adoptive families can address the special needs of children who experienced early neglect and deprivation, thereby providing a supportive environment in which to flourish. Features the author's first-hand accounts of her own adoption journey as she visited a Kazakhstani orphanage daily for nearly a year and illustrates the complexities and implications of the research evidence. *No House to Call My Home* Ryan Berg, 2015-08-25. Underemployed and directionless, Ryan Berg took a job in a group home for disowned and homeless LGBTQ, lesbian, gay, bisexual, transgender, and questioning teenagers. His job was to help these teens discover their self-worth, get them back on their feet, earn high school degrees, and find jobs. But he had no idea how difficult it would be and the complexities that were involved with coaxing them away from dangerous sex work and cycles of drug and alcohol abuse and helping them heal from years of abandonment and abuse. In *No House to Call My Home*, Ryan Berg tells profoundly moving, intimate, and raw stories from the frontlines of LGBTQ homelessness and foster care. In the United States, 43% of homeless youth were forced out by their parents because of their sexual orientation or gender identity. Berg faced young people who have battled extreme poverty, experienced unbalanced opportunities, structural racism, and homophobia. He found himself ill-equipped to help, in part because they are working within a system that paints in broad strokes, focused on warehousing young people rather than helping them build healthy relationships with adults that could lead to a successful life once they age out of foster care. *Justice Matters* Kyungsig Samuel Lee, Danjuma G. Gibson, 2022-09-29. The nine chapters in this book, along with a critical introduction, address complex theological issues relating to structural inequalities of our society, exacerbated by the experience of the COVID-19 pandemic. Pastoral theology as an academic discipline is not a value-free enterprise. This book strives to speak against all forms of injustice and to advocate for those who suffer under existing structural inequalities because such a liberative and social transformative task constitutes the fundamental work of pastoral theology. Each chapter in this book analyses how private problems of individuals are occurring within the immediate world of experience with public issues, historically, socially, and politically. As a whole, this book addresses racial injustice, ableism, foster family care, and issues faced by Christian churches during the COVID-19

pandemic The chapters in this book were originally published as a special issue of the Journal of Pastoral Theology **Home Is Where the Hurt Is** Sara Hosey, 2019-11-14 Despite years of propaganda attempting to convince us otherwise popular media is beginning to catch on to the idea that the home is one of the most dangerous and difficult places for a woman to be This book examines emergent trends in popular media which increasingly takes on the realities of domestic violence toxic home lives and the impossibility of having it all While many narratives still fall back on outmoded and limiting narratives about gender the pursuit of romance children and a life dedicated to the domestic this book makes the case that some texts introduce complexity and a challenge to the status quo pointing us toward a feminist future in which women's voices and concerns are amplified and respected
