Tolle Invalide Auf Fort Ratonneau:

Der Tolle Invalide Auf Dem Fort Ratonneau Ludwig Achim Freiherr von Arnim, 1962 **The Erotics of War in German Romanticism** Patricia Anne Simpson, 2006 In *The Erotics of War in German Romanticism* Patricia Anne Simpson explores the ways early nineteenth century German philosophers poets and artists represent war and erotic desire The author argues that gender is connected to a larger debate about the construction of the self in relation to a community at a time that this definition is under revision She analyzes the culture of war as it shapes the bonds of fraternal familial and eventually national identity Simpson defines the erotics of war as discursive attempts to assert the priority of ethical identity and citizenship over individualized desire The seemingly ancillary problem of female desire emerges not as a marginal issue but as the focal point of a debate about identity The Literature of German Romanticism Dennis F. Mahoney, 2004 Sharply focused essays on the most significant aspects of German Romanticism This volume of sharply focused essays by an international team of scholars deals not only with the most significant literary philosophical and cultural aspects of German Romanticism one of the most influential albeit highly controversial movements in the history of German literature but also with the history and status of scholarship on the literature of the period The introduction and first section establish an overall framework by placing German Romanticism within a European context that includes its English counterpart Goethe and Schiller are considered as are the Jena Romantics The second section is organized according to the traditional distinctions between epic dramatic and lyric modes of writing while realizing that particularly in the Romantic novel there was an attempt to blend these three A final group of essays focuses on German literary Romanticism's relation to other aspects of German culture folklore studies politics psychology natural science gender presentation and representation music and visual art Contributors Gerhard Schulz Arnd Bohm Richard Littlejohns Gerhart Hoffmeister Ulrich Scheck Claudia Stockinger Bernadette Malinowski Fabian Lampart Klaus Peter Gabriele Rommel Martha B Helfer Kristina Muxfeldt Beate Allert Paul Bishop and R H Stephenson Nicholas Saul Dennis F Mahoney is Professor of German and Director of the European Studies Program at the University of Vermont **Bulletin** ,1886 Monatschrift Fur Hohere Schulen ,1910 **Library Bulletin** Cornell University.
