Contemplative and Artful Openings Susan Casey Walsh, 2017-07-06 Highlighting an arts based inquiry process that involves contemplation mindful awareness and artful writing this book explores women s difficult experiences in teaching It

weaves a strong autobiographical thread with artifacts from several research projects with female teachers By linking innovative approaches to research that involve visual images and poetic writing with feminist poststructuralist theories and Buddhist inspired practices Walsh offers new understandings about what it means to be critical in research and teaching and also what transformation both social and personal might entail

The Intersubjective Turn Olen Gunnlaugson, Charles Scott, Heesoon Bai, Edward W. Sarath, 2017-10-11 Examines key theoretical aspects of the emerging field of second person contemplative education A first of its kind this book maps out current academic approaches in higher education to second person contemplative education which addresses contemplative experience from an intersubjective perspective Until recently contemplative studies has emphasized a predominantly first person standpoint but the expansion and embrace of second person methods provides a distinctive learning context in which collective wisdom and shared learning can begin to emerge from dialogue among students and groups in the classroom The contributors to this volume leading researchers and practitioners from a variety of institutions and departments examine the theoretical and philosophical foundations of second person contemplative approaches to instruction pedagogy and curricula across various scholarly disciplines

Unshakeable Jo-ann Rosen, 2023-11-28 A holistic system for gaining and maintaining the stability of mind needed for personal and social transformation even in the midst of trauma with simple body based exercises grounded in neuroscience and mindfulness inspired by Thich Nhat Hanh With three decades working in marginalized communities in the US Israel and the West Bank mindfulness teacher and psychotherapist Jo ann Rosen offers a wealth of wisdom and gentle humor in supporting people to access their inner strength and stability even amidst outer chaos and catastrophe Rosen draws on the example and practices of her teacher the peace activist and Vietnamese Buddhist monk Thich Nhat Hanh who founded Plum Village mindfulness practice centers worldwide as places of healing and restoration to show how meditation can aid collective awakening Time and time again even in places where trauma is commonplace Rosen has seen that a regulated nervous system allows an individual to move from overwhelm and despair to stability and engagement The Plum Village approach to well being cultivates resilience while recognizing the unique social and ecological challenges of our times In Unshakeable Rosen shares the methods by which we can broaden our resiliency calm our nerves and positively impact the collective consciousness By following the practices in this book we can find an unshakeable source of strength within not only as individuals but also as members of strong communities for positive change

The Places That Scare You Pema Chödrön, 2018-08-21 A lively and accessible take on ancient techniques for transforming terror and pain into joy and compassion from beloved Buddhist teacher Pema Chödrön O The Oprah Magazine Lifelong guidance for changing the way we relate to the scary and difficult moments of our lives showing us how we can use our difficulties and fears as a way to soften our hearts and open us to greater kindness We always have a choice in how we react to the circumstances of our lives We can let them harden us and make us increasingly resentful and afraid or we can let them soften us and allow our inherent human kindness to shine

through *In The Places That Scare You* Pema Chödrön provides essential tools for dealing with the many difficulties that life throws our way teaching us how to awaken our basic human goodness and connect deeply with others to accept ourselves and everything around us complete with faults and imperfections Drawing from the core teachings of Buddhism she shows the strength that comes from staying in touch with what's happening in our lives right now and helps us unmask the ways in which our egos cause us to resist life as it is If we go to the places that scare us Pema suggests we just might find the boundless life we've always dreamed of

Infinite Reach John E. Biersdorf, 2016-06-16 *Infinite Reach* Spirituality in a Scientific World connects and integrates the great spiritual insights with science and mathematics for the increasing numbers of Americans who consider themselves spiritual but not religious or spiritual and religious or none of the above and who no longer find traditional religious doctrines and institutions credible or matching their experience In nontechnical language it precisely and clearly traces how current brain/mind research informs and enhances inner spiritual and religious experience and how scientific cosmology confirms spiritual intuitions From hunting/gathering prehistory through city states empires and the great religions scientific methods advance exponentially faster into the future while the great spiritual insights have never been surpassed though often ignored or denied But scientific knowing and spiritual knowing share infinite reach Brain/mind research contributes to understanding and living meditation and spiritual practices in silence ritual and vision Modern physics and mathematics demonstrate how humans observe and participate in the actual evolution of the universe Fractals in chaos theory are spiritual images of ultimate reality In creating loving and undifferentiated presence we find our own unique voice in the mystery of ultimate reality touching down here and now in the specifics of this present moment

Reverse Meditation Andrew Holecek, 2023-07-11 Disruptive practices to revolutionize your relationship with meditation and fully engage with the full breadth of your experience Why do we meditate The main reason most modern people start meditating is because it helps us feel better reducing anxiety improving sleep decluttering the mind and so forth But where does your meditation go when things go bad asks Andrew Holecek Where is your spirituality when rock meets bone as they say in Tibet when the crap hits the fan Reverse Meditation is for anyone who wants to bring the challenges of life onto the path of awakening When things get hard it's time to turn your practice on its head and throw out any assumption that meditation exists to insulate you from the confusion difficulties and uncertainty of life By putting your meditation into reverse Holecek teaches you'll actually find yourself going forward Step into your pain and you can step up your evolution With his signature blend of depth and accessibility Holecek invites you to explore Three core forms of meditation mindfulness open awareness and the boundary smashing reverse meditations How to know when you're ready to engage with reverse meditation On the spot practices for snapping into a meditative mindset in difficult situations Contraction and expansion how to dismantle habits of avoidance to become more open resilient and fully alive How reverse meditation opens you to a direct experience of the fundamental perfection of reality just as it is These unique meditations are designed to reverse our

relationship to unwanted experiences which means going directly into them instead of avoiding them says Andrew Holecek It is not an easy journey yet this path leads to the discovery of unconditional happiness basic goodness and true freedom in the most turbulent situations

Contemplative Practices and Anti-Oppressive Pedagogies for Higher Education Greta Gaard, Bengü Ergüner-Tekinalp, 2022-05-15 This volume explores mindfulness and other contemplative approaches as strategic tools for cultivating anti-oppressive pedagogies in higher education Research confirms that simply providing students with evidence and narratives of economic social and environmental injustices proves insufficient in developing awareness and eliciting responses of empathy solidarity and a desire to act for change From the environmental humanities to the environmental sciences legal studies psychology and counseling educators from a range of geographical and disciplinary standpoints describe their research based mindfulness pedagogies Chapters explore how to interrupt and interrogate oppression through contemplative teaching tools assignments and strategies that create greater awareness and facilitate deeper engagement with learning contents contexts and communities Providing a framework that facilitates awareness of the links between historic and current oppression self identity and trauma and creating a transformative learning experience through mindfulness this book is a must read for faculty and educators interested in intersections of mindfulness contemplative pedagogies and anti oppression
