Toni Morrison Conversations Literary Conversations Series:

Conversations with Toni Morrison Toni Morrison, 1994 Collected interviews with the Nobel Prize winner in which she describes herself as an African American writer and that show her to be an artist whose creativity is intimately linked with her African American experience Toni Morrison Toni Morrison, 2008 Thirty years of interviews with the author of *The Bluest Eye* *Song of Solomon* *Beloved* and other novels **Toni Morrison: The Last Interview**, 2020-07-07 Knowledge is what's important you know Not the erasure but the confrontation of it TONI MORRISON In this wide ranging collection of thought provoking interviews including her first and last Toni Morrison whom President Barack Obama called a national treasure details not only her writing life but also her other careers as a teacher and as a publisher as well as the gripping story of her family In fact Morrison reveals here that her Nobel Prize winning novels such as *Beloved* and *Song of Solomon* were born out of her family's stories such as those of her great grandmother born a slave or her father escaping the lynch mobs of the South With an introduction by her close friend poet Nikki Giovanni Morrison hereby weaves yet another fascinating and inspiring narrative that of herself *Conversations with Toni Morrison* Toni Morrison, 1994 The Nobel Prize author discusses her life such acclaimed works as *Sula* *Tar Baby* *Beloved* **Toni Morrison** Carmen Gillespie, 2012-11-30 Toni Morrison the only living American Nobel laureate in literature published her first novel in 1970 In the ensuing forty plus years Morrison's work has become synonymous with the most significant literary art and intellectual engagements of our time The publication of *Home* May 2012 as well as her 2011 play *Desdemona* affirm the range and acuity of Morrison's imagination Toni Morrison *Forty Years in The Clearing* enables audiences readers critics and students to review Morrison's cultural and literary impacts and to consider the import and influence of her legacies in her multiple roles as writer editor publisher reader scholar artist and teacher over the last four decades Some of the highlights of the collection include contributions from many of the major scholars of Morrison's canon as well as art pieces music photographs and commentary from poets Nikki Giovanni and Sonia Sanchez novelist A J Verdelle playwright Lydia Diamond composer Richard Danielpour photographer Timothy Greenfield Sanders the first published interview with Morrison's friends from Howard University Florence Ladd and Mary Wilburn and commentary from President Barack Obama What distinguishes this book from the many other publications that engage Morrison's work is that the collection is not exclusively a work of critical interpretation or reference This is the first publication to contextualize and to consider the interdisciplinary artistic and intellectual impacts of Toni Morrison using the formal fluidity and dynamism that characterize her work This book adopts Morrison's metaphor as articulated in her Pulitzer Prize winning novel *Beloved* The narrative describes the clearing as a wide open place cut deep in the woods nobody knew for what In the heat of every Saturday afternoon she sat in the clearing while the people waited among the trees Morrison's *Clearing* is a complicated and dynamic space Like the intricacies of Morrison's intellectual and artistic voyages the *Clearing* is both verdant and deadly a sanctuary and a prison Morrison's vision invites consideration of

these complexities and confronts these most basic human conundrums with courage resolve and grace This collection attempts to reproduce the character and spirit of this metaphorical terrain Reading Toni Morrison Rachel Lister,2009-08-10 This volume offers students and book club members a handy and insight filled guide to Morrison s works and their relation to current events and popular culture One of the few authors to attain both commercial success and literary acclaim Toni Morrison a longstanding member of the American Academy of Arts and Letters is widely read by high school students and general readers Her books have been adapted into highly extolled films such as *Beloved* largely because even when set in the past they grapple with issues and emotions relevant to contemporary society Designed for students and general readers *Reading Toni Morrison* is a handy introduction to Morrison s works and their place in the world The book begins with a look at Morrison s life and writing Chapters overview the plots of her novels and discuss their themes characters and contexts The book then examines Morrison s treatment of social issues and the presence of her works in popular culture Chapters provide sidebars of interesting information along with questions to promote student research and book club discussion **Prophets of the Posthuman** Christina Bieber Lake,2013-09-30 *Prophets of the Posthuman* provides a fresh and original reading of fictional narratives that raise the question of what it means to be human in the face of rapidly developing bioenhancement technologies Christina Bieber Lake argues that works by Nathaniel Hawthorne Walker Percy Flannery O Connor Toni Morrison George Saunders Marilynne Robinson Raymond Carver James Tiptree Jr and Margaret Atwood must be reevaluated in light of their contributions to larger ethical questions Drawing on a wide range of sources in philosophical and theological ethics Lake claims that these writers share a commitment to maintaining a category of personhood more meaningful than that allowed by utilitarian ethics *Prophets of the Posthuman* insists that because technology can never ask whether we should do something that we have the power to do literature must step into that role Each of the chapters of this interdisciplinary study sets up a typical ethical scenario regarding human enhancement technology and then illustrates how a work of fiction uniquely speaks to that scenario exposing a realm of human motivations that might otherwise be overlooked or simplified Through the vision of the writers she discusses Lake uncovers a deep critique of the ascendancy of personal autonomy as America s most cherished value This ascendancy coupled with technology s glamorous promises of happiness helps to shape a utilitarian view of persons that makes responsible ethical behavior toward one another almost impossible *Prophets of the Posthuman* charts the essential role that literature must play in the continuing conversation of what it means to be human in a posthuman world Literature and the Rise of the Interview Rebecca Roach,2018-11-15 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it

What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy Literature and the Rise of the Interview addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel s profligate son Together these stories expose the interview s position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity *Philanthropy in Toni Morrison's Oeuvre* Rico Hollmach,2018-11-07

This book examines Toni Morrison s highly influential works through the lens of philanthropy The point of departure of this endeavor is the keen observation that philanthropy has always played a leading role in US discourses about the nation itself While doing so time and again philanthropy has also been used as a means of social stratification especially for so called social minorities such as the African American community whose historical experience within the United States is at the very heart of Morrison s novels This book pursues the goal of a twofold understanding on the one hand through offering a rather innovative access to Morrison s works the project allows for new insights into one of today s most influential authors On the other hand this book explores the productivity of the concept of philanthropy for literary and cultural studies a concept hitherto largely neglected by scholars in both academic fields **African American Servitude and Historical**

Imaginings M. Jordan,2004-08-20 In African American Servitude and Historical Imaginings Margaret Jordan initiates a new way of looking at the African American presence in American literature Twentieth century retrospective fiction is the site for this compelling investigation about how African American servants and slaves have enormous utility as cultural artifacts objects to be acted upon agents in place or agents provocateurs Jordan argues that those who even those seemingly innocuous infrequently visible or silent servants are vehicles through which history culture and social values and practices are cultivated and perpetuated challenged and destabilized Jordan demonstrates how African American servants and servitude are strategically deployed and engaged in ways which encourage a rethinking of the past She examines the ideological underpinnings of retrospective fiction by writers who are clearly social theorists and philosophers Jordan contends that they do not read or misread history they imagine history as meditations on social realities and reconstruct the past as a way to confront the present
