Walking on Water Robert P. Vande Kappelle, 2020-02-03 How did Jesus do it we wonder How did he walk on water To which we can imagine Jesus responding O ye of literal faith Walk with me on the waters of life explore with me the depths of reality Walking on water is not as one might think about staying on the surface of things but rather about going deep into the ordinary aspects of our lives and finding gold It is not about exotic miracles or blind faith but about living into a new way of thinking Most of us experience a continual flow of ideas images and feelings clinging to these as if they were us They are us but not our True Self They represent the atomized self our small imperial ego While this egocentric False Self is necessary its role is temporary a warm up rather than the adventure itself To ascertain our True Self we must lose the false images that no longer serve us images of God that are insufficient and images of ourselves that are similarly inadequate Bringing to life tales about labyrinths and quests for the Grail Walking on Water encourages us to go with Jesus into death and resurrection encountering the universal Christ there the True Self that gives all humans final meaning and definition Such living saves us from our smaller and untrue selves transforms our consciousness and transports us from limited first half of life living and thinking into second half of life possibilities The dynamic approach to spirituality described in this book a transformational journey nourished by myth metaphor and mystery will promote the wisdom compassion maturity and connectedness we all need and desire
