Title Index To Daoist Collections:

Title Index to Daoist Collections Louis Komjathy, 2002 Title Index to Daoist Collections is a catalogue of texts as they appear in various Daoist collections. It provides a title index to not only the Zhengtong daoang the standard textual collection for Daoist Studies but also to six other important collections of Daoist texts namely the Dunhuang manuscripts Daoang jiyao Daoang jinghua lu Daoang jinghua Zangwai daoshu and Qigong yangsheng congshu. With regards to the Zhengtong daoang this volume contains a combined title index using the numbers of the Concordance du Tao tsang Daoang zimu yinde Daoang tiyao fascicle based system and the volume and page number of each text as it appears in the reduced 36 volume edition. For the six other Daoist collections this book offers the first title index with a numbering system that parallels those used in citing the Zhengtong daoang. In addition all texts are cross indexed using pinyin romanization. Thus each collection is indexed by 1 order of appearance of the Daoist texts collected therein and 2 pinyin title in a combined index. Easy to use the Index gives access to all Daoist texts collected over the centuries and provides a clear standardized way of referring to them. Find your Daoist texts in an instant. A must have for all engaged in the scholarly study of Daoism. The Way of Complete Perfection, 2013-06-01 An anthology of English translations of primary texts of the Quanzhen Complete Perfection school of Daoism. *The Daoist Tradition* Louis Komjathy, 2013-08-22 An introduction to Daoism as a living and lived religion covering key themes and topics as well as its history. The Daoist Monastic Manual Livia Kohn, 2004-07 This title offers a complete annotated translation of the Fengdao Keije accompanied by three introductory chapters that outline the development of Daoist organisations, discuss the date and compilation of the work and introduce key issues of terminology and world view. **Cultivating Perfection** Louis Komjathy, 2007-09-30 This important work focuses on early Quanzhen Complete Perfection Daoism, a twelfth century Daoist religious movement and subsequent monastic order. Emphasis in this first study to approach Quanzhen from a comparative religious studies perspective is placed on the complex interplay among views of self specific training regimens and the types of experiences that were expected to follow from dedicated praxis. On the basis of historical contextualization and textual analysis it is demonstrated that in its formative and incipient organized phases Quanzhen was a Daoist religious community consisting of a few renunciants dedicated to religious praxis. The study proper is followed by a complete annotated translation of a text attributed to the founder which represents one of only two early Quanzhen texts translated to date. Subsequent appendices address issues of dating and contents of the early textual corpus as well as technical Quanzhen religious terminology. **Introducing Daoism** Livia Kohn, 2009 **The Wiley-Blackwell Companion to Chinese Religions** Randall L. Nadeau, 2012-03-12 Comprising the most up to date interdisciplinary research on the study of Chinese religious beliefs and cultural practices this volume explores the rich and complex religious and philosophical traditions that have developed and flourished in one of the world's oldest civilizations. Covers the main Chinese traditions of Confucianism, Taoism and Buddhism as well as Christianity and Islam. Features a

unique organizational structure with groups of readings focused on historical traditions based and topical elements of Chinese religion Explores a number of contemporary religious topics including gender nature asceticism material culture and gods and spirits Brings together a team of authors who are experts in their sub fields providing readers with the latest research in a rapidly growing discipline **Chinese Healing Exercises** Livia Kohn,2008-09-30 Daoyin the traditional Chinese practice of guiding the qi and stretching the body is the forerunner of Qigong the modern form of exercise that has swept through China and is making increasing inroads in the West Like other Asian body practices Daoyin focuses on the body as the main vehicle of attainment sees health and spiritual transformation as one continuum leading to perfection or self realization and works intensely and consciously with the breath and with the conscious guiding of internal energies This book explores the different forms of Daoyin in historical sequence beginning with the early medical manuscripts of the Han dynasty then moving into its religious adaptation in Highest Clarity Daoism After examining the medieval Daoyin Scripture and ways of integrating the practice into Tang Daoist immortality the work outlines late imperial forms and describes the transformation of the practice in the modern world Presenting a rich crop of specific exercises together with historical context and comparative insights Chinese Healing Exercises is valuable for both specialists and general readers It provides historical depth and opens concrete details of an important but as yet little known health practice *Contemplative Literature* Louis Komjathy,2015-08-31 This is the first theoretically informed and historically accurate comparative anthology of primary texts on meditation and contemplative prayer Written by international experts on the respective texts and corresponding traditions Contemplative Literature provides introductions to and primary sources on contemplative practice from various religious traditions The contributors explore classical Daoist apophatic meditation Quaker silent prayer Jewish Kabbalah Southern Buddhist meditation Sufi contemplation Eastern Orthodox prayer Pure Land Buddhist visualization Hindu classical Yoga Dominican Catholic prayer Daoist internal alchemy and modern therapeutic meditation Each introduction to a contemplative text discusses its historical context the associated religious tradition and literature the method of contemplative practice and the text s legacy and influence Volume editor Louis Komjathy opens the work with a thoughtful consideration of interpretive issues in the emerging interdisciplinary field of contemplative studies Readers will gain not only a nuanced understanding of important works of contemplative literature but also resources for understanding contemplative practice and contemplative experience from a comparative and cross cultural perspective Wisdom in China and the West Qingsong Shen,Willard Gurdon Oxtoby,2004
