Tomorrow Land The 1964 65 Worlds Fair And The Transformation Of America:

Tomorrow-Land Joseph Tirella, 2013-12-23 Motivated by potentially turning Flushing Meadows literally a land of refuse into his greatest public park Robert Moses New York's Master Builder brought the World's Fair to the Big Apple for 1964 and 65 Though considered a financial failure the 1964 65 World's Fair was a Sixties flashpoint in areas from politics to pop culture technology to urban planning and civil rights to violent crime In an epic narrative the New York Times bestseller *Tomorrow Land* shows the astonishing pivots taken by New York City America and the world during the Fair It fetched Disney's empire from California and Michelangelo's *La Pietà* from Europe and displayed flickers of innovation from Ford GM and NASA from undersea and outerspace colonies to personal computers It housed the controversial work of Warhol until Governor Rockefeller had it removed and lured Ken Kesey and the Merry Pranksters Meanwhile the Fair and its house band Guy Lombardo and his Royal Canadians sat in the musical shadows of the Beatles and Bob Dylan who changed rock and roll right there in Queens And as Southern civil rights efforts turned deadly and violent protests also occurred in and around the Fair Harlem based Malcolm X predicted a frightening future of inner city racial conflict World's Fairs have always been collisions of eras cultures nations technologies ideas and art But the trippy turbulent Technicolor Disney corporate and often misguided 1964 65 Fair was truly exceptional

In Search of Admiration and Respect Yanqiu Zheng, 2024-09-23 *In Search of Admiration and Respect* examines the institutionalization of Chinese cultural diplomacy in the period between high imperialism and the international ascendance of the People's Republic of China During these years Chinese intellectuals and officials tried to promote the idea of China's cultural refinement in an effort to combat negative perceptions of the nation Yanqiu Zheng argues that unlike similar projects by more established powers Chinese cultural diplomacy in this era was not carried out solely by a functional government agency rather limited resources forced an uneasy collaboration between the New York based China Institute and the Chinese Nationalist government *In Search of Admiration and Respect* uses the Chinese case to underscore what Zheng calls infrastructure of persuasion in which American philanthropy museums exhibitions and show business had disproportionate power in setting the agenda of unequal intercultural encounters This volume also provides historical insights into China's ongoing quest for international recognition Drawing upon diverse archival sources Zheng expands the contours of cultural diplomacy beyond established powers and sheds light on the limited agency of peripheral nations in their self representation

Our Lady of the World's Fair Ruth D. Nelson, 2024-09-15 Our Lady of the World's Fair reveals the remarkable story of how two of New York's most influential leaders persuaded the Vatican to allow one of the world's greatest works of art to leave Europe for the first and only time Driven by different motives Robert Moses and Francis Cardinal Spellman had the same vision to display Michelangelo's masterpiece the Piet in the Vatican's pavilion at the 1964 World's Fair in New York City As Ruth D Nelson gracefully showcases Moses believed this blockbuster would guarantee the fair's financial success At the same time Spellman Cardinal of New York and the spiritual leader of Cold War America's Catholic community hoped that at a time of domestic strife and global conflict the Piet's presence would have a positive spiritual impact on the nation Although the fair did not turn out to be the financial bonanza that Moses expected the Piet drew record crowds of the faithful art lovers and the curious Nelson's fascinating uncovering of the intensive planning that went into designing the pavilion transporting the art piece across the Atlantic and coordinating Pope Paul VI's visit to New York in 1965 the first papal visit to the Western Hemisphere demonstrates the sheer scale and opportunity of the two men's endeavors Our Lady of the World's Fair depicts the skepticism and fierce criticism that faced the two New York power brokers Rather than letting the negative weigh them down they united and called on every resource at their disposal to make this unlikely cultural coup possible
