The Duchess Of Windsor Greg King,2011-05-01 A sympathetic and believable portrait of the American woman for whom King Edward VIII gave up the throne with photos included Christian Science Monitor A woman s life can really be a succession of lives each revolving around some emotionally compelling situation or challenge and each marked off by some intense experience It was the love story of the century the king and the commoner In December 1936 King Edward VIII abdicated the throne to marry the woman I love Wallis Warfield Simpson a twice divorced American who quickly became one of the twentieth century s most famous personalities a figure of intrigue and mystery both admired and reviled Wrongly blamed for the abdication crisis Wallis suffered hostility from the Royal Family and much of the world Yet interest in her story has remained constant resulting in a small library of biographies that convey a thinly veiled animosity toward their subject The truth however is infinitely more fascinating than the shallow pathetic portrait that has often been painted Using previously untapped sources acclaimed biographer Greg King presents a complete and for the first time sympathetic portrait of the Duchess that sifts the decades of rumor and accusation to reveal the woman behind the legend From her birth in Pennsylvania during the Gilded Age to her death in Paris in 1986 King takes the reader through a world of privilege palaces high society and love with the accompaniment of hatreds feuds conspiracies and lies The cast of characters is vast politicians

Luxury Peter McNeil, Giorgio Riello,2016-05-19 We live in a world obsessed by luxury Long distance airlines compete to offer first class sleeping experiences and hotels recommend exclusive suites where you are never disturbed Luxury is a rapidly changing global industry that makes the headlines daily in our newspapers and on the internet More than ever luxury is a pervasive presence in the cultural and economic life of the West and increasingly too in the emerging super economies of Asia and Latin America Yet luxury is hardly a new phenomenon Today s obsession with luxury brands and services is just one of the many manifestations that luxury has assumed In the middle ages and the Renaissance for example luxury was linked to notions of magnificence and courtly splendour In the eighteenth century luxury was at the centre of philosophical debates over its role in shaping people s desires and oiling the wheels of commerce And it continues to morph today with the growth of the global super rich and increasing wealth polarization From palaces to penthouses from couture fashion to lavish jewellery from handbags to red wine from fast cars to easy money Peter McNeil and Giorgio Riello present the first ever global history of luxury from the Romans to the twenty first century a sparkling and ever changing story of extravagance excess novelty and indulgence

Loulou & Yves Christopher Petkanas, 2018-04-17 No one interested in fashion style or the high flying intrigues of café society will want to miss Christopher Petkanas's exuberantly entertaining oral biography *Loulou* possibly also the most neurasthenic In an exquisitely intimate sometimes painful personal and professional relationship *Loulou* was his creative right hand muse alter ego and the virtuoso behind all the flamboyant accessories that were a crucial component of the YSL look For thirty years until his retirement in 2002 Yves relied on *Loulou* to inspire him make him laugh and talk him off the ledge the enchanted formula that brought him from one historic collection to the next Yves's many tributes shape *Loulou*'s memory as if everything there was to know about this fugitive Giacometti like figure could be told by her clanking bronze cuffs towering fur toques the turquoise boulders on her fingers and her working friendship with the man who put women in pants But another darker story lifts the veil on *Loulou* a classic number two with a contempt for convention and exposes the underbelly of fashion at its highest level Behind Yves's encomiums are a pair of aristocrat parents *Loulou*'s shiftless French father and menacingly chic English mother who abandoned her to a childhood of foster care and sexual abuse *Loulou*'s recurring desperation to leave Yves and go out on her own and the grandiose myths surrounding her family *Loulou* felt that her life had been kidnapped by the operatic workings of the House of Saint Laurent and in her last years faced financial ruin *Loulou* Yves unspools an elusive fashion idol nymphomaniacal heedless and up to her bracelets in coke and Boizel champagne at the core of what used to be called le beau monde
