Waking A Memoir Of Trauma And Transcendence:

Waking Matthew Sanford, 2008-05-27 Matthew Sanford's inspirational story about the car accident that left him paralyzed from the chest down is a superbly written memoir of healing and journey from near death to triumphant life. Matt Sanford's life and body were irrevocably changed at age 13 on a snowy Iowa road. On that day, his family's car skidded off an overpass, killing Matt's father and sister and leaving him paralyzed from the chest down, confining him to a wheelchair. His mother and brother escaped from the accident unharmed but were left to pick up the pieces of their decimated family. This pivotal event set Matt on a lifelong journey from his intensive care experiences at the Mayo Clinic to becoming a paralyzed yoga teacher and founder of a nonprofit organization. Forced to explore what it truly means to live in a body, he emerges with an entirely new view of being a whole person. By turns agonizingly personal, philosophical, and heartbreakingly honest, this groundbreaking memoir takes you inside the body, heart, and mind of a boy whose world has been shattered. Follow Sanford's journey as he rebuilds from the ground up, searching for healing stories to help him reconnect his mind and his body. To do so, he must reject much of what traditional medicine tells him and instead turn to yoga as a centerpiece of his daily practice. He finds not only a better life but also meaning and purpose in the mysterious distance that we all experience between mind and body. In *Waking*, Sanford delivers a powerful message about the endurance of the human spirit and of the body that houses it.

Awakening Somatic Intelligence Risa F. Kaparo, Ph.D., 2012-05-29 A detailed operating manual for healing pain and awakening embodied joy through body-oriented Somatic Learning practices that incorporate mindfulness, breathing, and more. Rick Hanson, author of *Buddha's Brain*, *Awakening Somatic Intelligence* offers a guide to Somatic Learning, an innovative body-oriented approach that incorporates mindfulness, visualization, breathing exercises, postures, and stretches. Developed by author, psychotherapist, and award-winning songwriter and poet Risa Kaparo, PhD, Somatic Learning is based on leading-edge research demonstrating the power of the mind to activate physiological, mental, and emotional healing. Kaparo has successfully used her approach with patients suffering from chronic pain, high blood pressure, and mood disorders, including depression and anxiety. Recounting her own struggle with chronic pain, Kaparo begins with a moving description of her journey from crippling pain to renewed health and aliveness. Kaparo introduces the concepts and characteristics of Somatic Learning, a method that grew out of her personal healing experience. Incorporating the latest brain research in mindfulness and neuroplasticity, the book presents breathing exercises, postures, and stretches for morning and bedtime, instructions for integrating mindfulness practice into one's daily life, and ways of deepening the practice through touch and caring interaction with others. Enhanced with over 100 detailed instructional photos and illustrations, the book includes inspiring case stories and the author's own expressive poetry that illuminate the healing power of this practice. **Pink Ribbon Blues** Gayle A. Talking Book Topics , 2013-07 **Lee Edelman and the Queer Study of Religion** Kent L. Brintnall, Rhiannon Graybill, Linn Marie Tonstad, 2023-12-07 This book takes the groundbreaking work of Lee Edelman in queer theory and for the first time demonstrates its importance and relevance to contemporary theology biblical studies and religious studies It argues that despite extensive interest in Edelman s work we have barely begun to understand the significance of Edelman s ideas both in their own right and with respect to the study of religion Therefore it offers fresh approaches to Edelman s work that necessarily complicate the established interpretations of his thinking With essays by rising and established scholars as well as a response by Edelman himself it contends that by fully engaging Edelman scholars of religion will have to confront negativity and its consequences in ways that will contribute to reshaping the terrain of scholarship on religion race sexuality and social change The insights provided in this book are new territory for much of the study of religion As such it will be of keen interest to scholars of religious studies theology and Biblical studies as well as gender studies and queer feminist and critical race theory American Book Publishing Record , 2005 **Mindful Practice** Mary Higgs, 2024-01-12 Mary Higgs shares her story of trauma recovery and self reflection and distills into a hopeful set of insights and practices that can help everyone on their healing path Matthew Sanford author of *Waking A Memoir Of Trauma and Transcendence* yoga teacher and founder of Mind Body Solutions Mary Higgs MA is an online educator author speaker certified adaptive and accessible yoga teacher and founder of Yogi Able Mary has a unique ability to speak to and reach people who maybe would have never
