(2012-2019) B. A. Hunter,2025-10-06 This work contains the earliest blog articles from the author written between the years of 2012 2019 Ranging from mere poetic reflections of the author s traditionalist perspectives on love romance and culture to political commentary and legal and historical scholarly essays on the issues of sex and gender roles the author takes a no holds barred attitude persistently ripping into everyone both feminists antifeminists and every ideology in between and taking a decidedly nasty and brutal bite out of the so called manosphere and the blatant hypocrisies inherent in modern day conservatism Never truly on the Right and never truly on the Left and probably pleasing absolutely nobody the reader can easily note the change as the years go by with the articles undergoing a plain transformation from being shorter and relying more heavily on inter peer and social connections to blossoming into mere solitary legal historical scholarly works that span the length of dozens of pages as both the maturity and education of the author deepens A subtle change in perspective and attitude of the author can also be noted where feminism though never proclaimed nor upheld as a social good is blamed less and less over time for all of modern society s ills Thinking about the Sexually Dangerous Ellsworth A. Fersch, Ellsworth Lapham Fersch,2006 This volume provides a clear and compelling introduction to one of the most significant topics in society today Compiled by members of a Harvard seminar it directs attention to psychoforensic issues most often raised by the general public and by students of social science and criminal justice The frequently asked questions about the sexually dangerous address conceptions of dangerousness attempts to confine the sexually dangerous psychological theories of causation psychological contributions to treatment media political social and religious reactions and statutory judicial and other legal responses The case examples illustrate a variety of issues surrounding serial spousal child date and statutory rape consensual sadomasochism surgical and chemical castration repressed memory and false confession video voyeurism restricting child pornography the labeling of object and speech and post imprisonment civil confinement in mental hospitals The extensive bibliography directs students and the public interested in further cases and analyses to the important world where psychology and law morality and political and social policy interact This brief and readable book is the first place to look for what most people want to know about the sexually dangerous **What Women Want Men to Know** Barbara De Angelis,2013-05-21 FINALLY THE BOOK ON RELATIONSHIPS WOMEN HAVE BEEN WAITING TO READ AND GIVE TO THE MAN THEY LOVE You ve seen her on TV You ve read her advice on relationships Now in her most
