The Best Place Danya Fast, 2023-11-10 In both local and international imaginations Vancouver Canada is often celebrated as one of the world s most beautiful cosmopolitan and livable cities Simultaneously the city continues to be ground zero for successive waves of public health emergency and intervention including a recent and unprecedented drug overdose crisis driven by the proliferation of illicitly manufactured fentanyl and related analogs in the local drug supply

In The Best Place Addiction Intervention and Living and Dying Young in Vancouver Danya Fast explores these politics of place from the perspectives of young people who use drugs Those who are the subject of this book were in many ways relegated to the social spatial and economic margins of the city Yet they were also often at the very center of city life and state projects including the project of protecting life in the context of the current overdose crisis

The Finger of the Scribe William M. Schniedewind,2019-10-14 One of the enduring problems in biblical studies is how the Bible came to be written Clearly scribes were involved But our knowledge of scribal training in ancient Israel is limited William Schniedewind explores the unexpected cache of inscriptions discovered at a remote Iron Age military post called Kuntillet Ajrud to assess the question of how scribes might have been taught to write Here far from such urban centers as Jerusalem or Samaria plaster walls and storage pithoi were littered with inscriptions Apart from the sensational nature of

some of the contents perhaps suggesting Yahweh had a consort these inscriptions also reflect actual writing practices among soldiers stationed near the frontier What emerges is a very different picture of how writing might have been taught as opposed to the standard view of scribal schools in the main population centers A Social and Economic History of the Theatre to 300 BC Eric Csapo, Peter Wilson, 2020-01-16 This is the second volume of A Social and Economic History of the Theatre to 300 BC and focuses exclusively on theatre culture in Attica Rural Dionysia and the rest of the Greek world It presents and discusses in detail all the documentary and material evidence for theatre culture and dramatic production from the first two centuries of theatre history namely the period c 500 to c 300 BC The traditional assumption is laid to rest that theatre was an exclusively or primarily Athenian institution with the inclusion of all sources of information for theatrical performances in twenty two deme sites and over one hundred and twenty independent Greek and some non Greek cities All texts are translated and made accessible to non specialists and specialists alike The volume will be a fundamental work of reference for all classicists and theatre historians interested in ancient theatre and its wider historical contexts
