**The Barter Economy of the Khmer Rouge Labor Camps** Scott Pribble,2023-07-21 Pribble investigates the barter economies that developed in many of the labor camps established under the Khmer Rouge in Cambodia When the Khmer Rouge abolished currency and markets in 1975 starving Cambodians created underground exchanges in labor camps throughout the country bartering luxury items for food and other necessities while simultaneously undermining the regime's ideological goals of eliminating any traces of capitalism in Democratic Kampuchea Pribble asserts three key points about the barter economy in the Khmer Rouge labor camps First the underground exchanges in Democratic Kampuchea provided food and medicine for desperate people subsisting under a totalitarian regime saving the lives of countless Cambodians Second bartering was the riskiest way to obtain food because it was dependent upon the discretion of two or more individuals from different social classes under the threat of violent punishment thereby altering the social dynamics of the camps Finally despite the regime's extreme efforts to eliminate foreign influence from the country and impose communist ideology on millions of citizens basic forms of market capitalism and a demand for superfluous luxury goods persisted in labor camps throughout the country A fascinating study of the human consequences of imposing rigid ideology that will be of particular interest to scholars and students of political history and Southeast Asian history The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

the good society Plato and Aristotle of its rich content and that the market has replaced justice as the ordering principle of human society leaving philosophers helpless unless they learn economics      *Modern History in Pictures* DK,2012-09-17 The twentieth century saw seismic changes in every country and walk of life from the collapse of global empires to the horrors of world war from the rise of mass media to the development of motor transportation air travel and the digital revolution In *Modern History in Pictures* all of the most significant happenings of the last century are captured in a unique storyboard style showing how each event unfolded through a series of contemporary photographs      **How to be Really Well**
