Bishop, 2009-11-01 For thousands of years religion has been a key element of human societies Whenever we as educators exclude or minimize religion's vast role in society we leave out a large part of our world's shared history This is a serious act of educational omission even neglect on the part of our nation's public middle and secondary schools particularly when adolescents are so ready to engage in meaningful conversation about the world that surrounds them Our book's central purpose is to provide middle level and high school teachers with the necessary background knowledge and pedagogical skills necessary to help adolescents become religiously literate learners and citizens

Currently there is no text like ours on the market that both covers a number of world religions and presents concrete recommendations for teaching and learning this material Our book is meant to educate the following audiences teacher educators middle level and high school teachers in all content areas administrators school boards and parents For us educating for religious literacy is all about bringing adolescents into the 21st century of teeming religious and spiritual diversity a long neglected component of the multicultural curriculum in public schools In a post 9 11 world religious literacy requires that students understand the whats and whys of differing religious beliefs both in their own country and elsewhere It means looking for commonalities as well as differences between and among the great wisdom traditions both nationally and internationally It is about understanding how all of us might live peacefully in a religiously diverse world Our book accomplishes these goals by being informative practical experiential case based and above all accessible to beginners

For the Civic Good Walter Feinberg, Richard A. Layton, 2014-01-28 A case for teaching classes on world religion and the Bible in public schools

The Evolving Covenant Hillel Katzir, 2013-07-12 The relationship of the Jewish people with God can be seen as like that of parent and child as much as the parent cares for the

child the parent must prepare the child for adulthood by gradually stepping back and allowing the child to take ever greater responsibility This overview of Jewish history sees God as preparing the Jewish people in just this way for partnership with God in the ongoing project of bringing order to a chaotic world in order to complete an unfinished Creation and by setting an example to invite all of humanity into that partnership as well

Taking Caesar Out of Jesus Robert M. Wills, 2013-10 Jesus is the center of Christian faith and the Bible is its holy book its sacred scriptures For hundreds of years this meant that Jesus was divine and the Bible was a divine product This remains the primary perspective for many Christians today However it has mutated appreciably for others It is not that Jesus is no longer thought of as the center of Christian faith or the Bible as Christianity's sacred scriptures Those remain true for everyone However studies in biblical criticism and the historical Jesus suggest Jesus was a Palestinian Jew a human being not different in that respect from you and me Divinity was bestowed upon him by his followers and eventually took the form of imperial divinity after the example of Caesar This presents a conundrum for Christianity What for instance is Christianity to do with a human being at its center How has Christianity accommodated imperial rule What do we do with those imperial titles by which he is known Lord Savior Redeemer and Son of God Taking Caesar out of Jesus presents a new portrait of Jesus based on solid historical evidence assembled from the works of hundreds of critical biblical scholars As the subtitle proclaims Jesus emerges from this book as a new figure relevant to the 21st century Some will say this new perspective destroys Christianity Others will find Jesus to be far more believable and compelling Anyone will find this progressive approach to uncovering the historical Jesus thought provoking This book however goes beyond biblical criticism and a new portrait of the historical Jesus It confronts the Christian proclamation that Jesus is humanity's savior including the notion that it needs a savior It suggests that the historical Jesus never embraced the well known notion of divine salvation To the contrary Jesus embraced Judaism's wisdom tradition In the wisdom tradition a person deals with the exigencies of life by developing a new vision of reality and by acting differently Jesus did not provide an instruction manual for living rather he pointed us in the direction of self management As described in this book this new way of living taken from Jesus's parables and aphorisms will startle some and stir others toward greater maturity and responsibility for their own lives

A Christian's Guide to Judaism Michael Lotker, 2004 Do you have questions about Judaism Do you wonder why Jews don't accept Jesus as Messiah Why Jews are so attached to the State of Israel Why has there been so much hatred of Jews over the centuries What you should bring or more importantly what not to bring to the Passover Seder to which you've been invited How to relate to Jews who are close friends or even new family members of yours If you do then this is the book for you Written in a friendly informal style *A Christian's Guide to Judaism* is an introduction to Jewish religion history culture and holidays written especially for the curious non Jew Its goal is to not only answer the questions that you may have about Judaism but also to make you feel more at home when you are invited to Jewish celebrations such as weddings and bar or bat mitzvahs Have a quick question about what's kosher or why traditional

Jewish men keep their head covered See the subject in the chapter called Jewish Practice in Lots of Nutshells The fascination of Christians with Judaism has taken many forms over the years from virulent anti Semitism to intense interest regarding the religion of Jesus This much needed book provides Christians with a broad overview of the Jewish people and their religion presents thorough explanations of Jewish laws and traditions and explains in detail the many similarities and key differences between the Christian and Jewish faiths *Good and Evil Perspectives to Know* D. G. Reagle,2025-04-11 In writing this book I set out with two main goals to create an accessible resource for anyone curious about life s big questions and to satisfy my own quest for answers While I often find the answers I seek they frequently lead to more questions especially on the nature of good and evil This concept has long intrigued me and for many it s a central question about God Over the past forty years I ve explored these questions across the globe and contemplating the universe s mysteries While my conclusions may not resonate with everyone I hope to guide readers in finding answers that bring them peace Understanding good and evil can be deeply personal and I believe there s no single right answer what matters is discovering a perspective that aligns with your beliefs Various perspectives on good and evil emerge from religion philosophy and influential thinkers each offering unique insights Some overlap while others diverge significantly I invite you to consider questions like What defines good and evil for you Are they universal or culturally specific Is there a moral foundation and if so whose morals are they These reflections can encourage deeper exploration and build empathy **Numbers** Mitchel Modine,2018-05-06 The book of Numbers is a misunderstood book of the Bible It is about a lot more than just numbers Rather it is about the people s journey with God in the desert The Hebrew title of the book Bammidbar means In the Desert indicating that the setting is the most important part of the story The God who delivered his people from Egypt is the same God who will lead them through the wilderness and give them the Promised Land But as the book of Numbers shows us often it is through the experience of being in a desert that God fulfils his purpose It is the same thing for God s people today This commentary opens up the value of this often overlooked Old Testament book to those who find themselves or their churches in a barren place but with the presence of the Lord alongside them The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible Ajija Damian Ugwutikiri Opata,2009 *Creating from the Spirit* Dan Wakefield,1996 Every day is a creation not only for us but by us a moment by moment miracle Dan Wakefield recounted his own pilgrimage through the heady peaks and grim gulches of a creative life in *Returning A Spiritual Journey* which Bill Moyers called one of the most important memoirs of the spirit I ve ever read Now in *Creating from the Spirit* this award winning journalist and novelist reveals how writers artists musicians and creative people of all kinds can unleash the principle of creativity within so that it can infuse every aspect of our lives Wakefield explodes the many myths often associated with the mysterious creative process

that creativity is only for the artistic elite that women's work is less creative than men's and that to be creative means one must be tormented alienated neurotic irresponsible and a failure at relationships The truth is that many of us are blocked by low self esteem unrealistic expectations stultifying routine or the double demons of money and artistic standing we compartmentalize our lives into the creative and the commonplace Drawing on examples from religion philosophy and literature and exercises such as journaling and right brain drawing *Creating from the Spirit* teaches us that the key to creation is clarity of body mind and spirit This book challenges the dangerous nirvanas of drug and alcohol as false agents of inspiration examines the stereotype of tortured artists like Dylan Thomas Scott Fitzgerald Jackson Pollock and Kurt Cobain and contrasts them with portraits of fulfilled and healthy creators such as Toni Morrison Rabbi Harold Kushner Michael Jordan and Hildegard of Bingen *Creating from the Spirit* guides us into the art of emptying ourselves of the incessant chatter that deadens both senses and soul It teaches us the wisdom of filling up by accessing our natural perceptions and hidden creative resources This cycle is brilliantly expressed in the lives and words of twenty creators of the spirit from artists and writers to scientists and athletes to CEOs and chefs who have learned to embrace each moment as a creative act For those who create in solitude or in community out of personal pain or irrepressible joy *Creating from the Spirit* testifies to a luminous truth To access your creative powers you need only be in awe of the mystery of the universe the life force and its power and be willing to be open to it *The Publishers Weekly*, 1993 [Public Library Catalog](#) Juliette Yaakov, 2004 More than 8 000 books in the main volume More than 2 400 new titles in annual paperbound supplements More than 2 000 analytic entries for items in collections and anthologies [The Spirit that Moves Us](#) Laura R. Petovello, Rachel Quenk, Lorry Stillman, Holocaust Human Rights Center of Maine, 1997 A literature based resource guide teaching about the Holocaust and Human rights *Reaching Out to Religious Youth* L. Kay Carman, 2004-06-30 Presents a guide to services programs and collections for youth committed to their religious beliefs covering Protestantism evangelical Christianity Catholicism Islam Judaism and other religious traditions *Index to Jewish Periodicals*, 2001 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests
