personal journals and other writings Hunt unearths Shelley's ruminations on her own personal experiences of loss including the death of young children in her family to disease and the drowning of her husband Percy Bysshe Shelley Shelley's grief drove her to intensive study of Greek tragedy through which she developed the thinking about plague conflict and collective responsibility that later emerges in her fiction From her readings of classic works of plague literature to her own translation of Sophocles's Oedipus Rex and from her authorship of the first major modern pandemic novel to her continued influence on contemporary popular culture Shelley gave rise to a tradition of postapocalyptic thought that asks a question that the Covid 19 pandemic has made newly urgent for many What do humans do after disaster
