on her personal experience growing children but also on the research that she did during that period of time and still continues to do as her family grows She has great tips on how to cut down on a toddler defying you and how to effectively communicate with them Her ultimate goal is to help any parent to know where to start and how to use the tips to set the foundation for positive outcomes She also distinguishes between discipline and punishment as some parents are really not aware of the difference The great thing is that despite the fact that she has other children she still has to keep up on her reading and refine her techniques to deal with her son who is still a toddler This just highlights to other parents that it is an ongoing process of learning so any failed attempts must not be an excuse to throw the towel in one just has to go back to the drawing board and come up with a different strategy The basic rules are still the same you have to repeat react and reassure it is just the method of doing so that will differ slightly from one household to the next Toddler Discipline Natasha Becker,2019-07-11 How to support your child to grow into a happy and authentic person with the secrets of positive parenting Have you ever felt overwhelmed by all the sources of parenting advice nowadays We all want to do it right But how can we find the balance between supporting our kids in their needs without being a helicopter parent who doesn't give their kids enough space to become independent You want to mow down any obstacle that is in your child's way yet you want your kid to be prepared for the challenges of the world Parenting is the hardest job in our lives and yet the most rewarding Of course you want to do everything right You are not alone All you need to do is apply some simple strategies from parenting experts and you'll never fail as a parent In Toddler Discipline you'll discover The 1 key to let your child grow safe and healthy How to implant a good citizen memory chip in your child's brain How to set limits and create time outs for yourself How to communicate efficiently without using words How to handle your anger when your toddler acts out The stages of childhood development and the special needs of toddlers How to plant the seeds of self esteem competence and social intelligence How to create a deep connection with your child that will last forever How to deal with the most common toddler challenges from food fights to potty training How to plant the seeds of self esteem competence and social intelligence The 1 method to deal with your toddler's tantrums without ending in a power fight And much much more It is hard to resist your toddler's puppy eyes and loving hearts Yet in the first years you shape your toddler's future Once your toddler gets older temptations challenges and barriers will be waiting like evil ghosts to put a shadow over your child's life Fortunately children who develop a strong and intimate bond with their parents within the first two years are less likely to demonstrate behavioral and emotional problems as they grow older If you want to master your daily parent toddler life without power fights and non stop tantrums check out this guidebook today Toddler Discipline: What You Need To Do To Discipline Your Toddler Carmen Moore,2014-01-11 Are you having challenges with your toddler Are you giving instructions to your toddler and he/she simply is not responding If you are then you must get a copy of Toddler Discipline: What You Need To Do To Discipline Your Toddler It is no secret that numerous parents out there are seeking viable solutions to deal with their strong willed toddler The book
