The 51 Day War Max Blumenthal, 2015-07-06 On July 8 2014 Israel launched air strikes and a ground invasion of Gaza that lasted 51 days leaving over 2 000 people dead the vast majority of whom were Gazan civilians During the assault at least 10 000 homes were destroyed and according to the United Nations nearly 300 000 Palestinians were displaced Max Blumenthal was on the ground during what he argues was an entirely avoidable catastrophe In this explosive work of reportage Blumenthal reveals the harrowing conditions and cynical deceptions that led to the ruinous war Here for the first time Blumenthal unearths and presents shocking evidence of atrocities he gathered in the rubble of Gaza **Open Gaza**

On Social Closure JURGEN. MACKERT, 2024-11-11 In his book On Social Closure J rgen Mackert seeks to reinvigorate the idea of social closure and bring it back as a basic sociological concept for understanding the strategies and processes

powerful groups use to improve their life chances at the expense of the less powerful To do this he puts forward a mechanism based explanatory approach that makes it possible to empirically study social closure through exclusion in the context of neoliberalism exploitation within global capitalism and elimination in the ongoing legacy of settler colonialism Further he identifies two critical social mechanisms to explain how human beings are denied access to resources rights or critical networks and to bring power dynamics into closure analysis

How to Avoid a Phd (Penalty for Hardworking Dummies): Wishing I Were an Autodidact Tamara I. Hammond, 2022-11-13 This book is the result of decades long academic research and 25 years of emergence in the myth of the American dream In reality a small minority of ultra rich corporations have complete control over the government and mercilessly exploit the majority of Americans The author debunks the illusion of meritocracy heavily promoted by ubiquitous propaganda Through the mainstream media PR and academia the legend is sold to the American people and the world as an equal opportunity for all Packaged in glamorous fabricated stories the myth is glorified by Hollywood and legitimized by multiple mainstream news channels that are owned by five companies which control the narrative At the same time higher education is designed to enslave graduates with enormous debts in order to keep them obedient In the complete absence of adequate opposition these institutions create and maintain a plutocracy while purporting to represent freedom and democracy

The 51 Day War Max Blumenthal, 2015-06-30 On July 8 2014 Israel launched air strikes on Hamas controlled Gaza followed by a ground invasion The ensuing fifty one days of war left more than 2 200 people dead the vast majority of whom were Palestinian civilians including over 500 children During the assault at least 10 000 homes were destroyed and according to the United Nations nearly 300 000 Palestinians were displaced Max Blumenthal was in Gaza and throughout Israel Palestine during what he argues was an entirely avoidable catastrophe In this explosive work of intimate reportage Blumenthal reveals the harrowing conditions and cynical deceptions that led to the ruinous war and tells the human stories Blumenthal brings the battles in Gaza to life detailing the ferocious clashes that took place when Israel's military invaded the besieged strip He radically shifts the discussion around a number of highly contentious issues the use of civilians as human shields by Israeli forces the arbitrary targeting of Palestinian civilians and the radicalization of Israeli public officials and top military personnel Amid the rubble of Gaza's border regions Blumenthal recorded the testimonies from scores of residents documenting potential war crimes committed by the Israeli armed forces while carefully examining the military doctrine that led to them More than a chronicle of war and devastation *The 51 Day War* is an urgent warning that the aftermath of the conflict has made another military assault on Gaza almost inevitable And while the people of Gaza will once again prove their resilience the world can no longer just stand aside and watch
