Tapia,2017-06-12 From the time we are young we fear the monster under the bed or in the closet making it impossible to sleep without a nightlight Then we hear stories of Bigfoot and maybe even the Mothman around campfires When we are adults we wonder if there might actually be supernatural creatures lurking in the shadows Are these tall tales and urban legends only metaphors for what horrific things humanity is capable of or do monsters exist Go to some terrifying places with this cast of authors You will be dragged into mystifying realities where demonic fairies hide where devil monkeys lure carnival goers to their demise where Goatmen seek to destroy their prey and where the goddess of death puts out a hit on victims of her choice These shocking tales will have you biting your nails and locating that childhood nightlight Because in the end we all know monsters do exist **Atomic Hearts** Megan Cummins,2025-08-05 A nuclear blast to the emotional core Part teenage summer fling part family tragedy Megan Cummins s debut is the most exquisitely written bighearted journey into friendship addiction and the frustrations that come with parenting our parents Nick Fuller Googins author of *The Great Transition* I d been raised on secrets I knew they weren t a good idea Sixteen and living in a small Michigan town Gertie is harboring a secret heavy enough to fracture her closest friendship She and Cindy have been bonded since birth by the fact their fathers are addicts and their unsteady home lives are a little easier when they re together sprawled on a trampoline with pilfered vodka and dreams of moving to New York Everything was changing so fast I didn t know what was real After an accident involving a bonfire and an aerosol canister sends Gertie to the hospital she finds herself with nowhere to go but to Sioux Falls South Dakota to live with her newly sober father She sees it as a chance to escape the hometown drama she s caused but drama finds her all the same parties without curfews boys without boundaries a compromising photo tragedy

back home and her father once again teetering on the edge of oblivion Terrified of the consequences of being honest with Cindy her sole refuge is the fantasy novel she s writing a portal to another world and the story of a young girl roaming a strange land trusting her wits to survive I had to become a different stronger person before I d even figured out who I was in the first place Years later when ghosts of the past surface Gertie decides to write again about that explosive summer from the stabler shores of adulthood Powered by the fierce imagination of her youth Gertie finally allows herself the grace to tell a version of her narrative that she always hoped would be true Written with the feel and power of a ticking time bomb Atomic Hearts is an unforgettable story of the ways we can be saved by friendship love and imagination *Volume 15, Tome II: Kierkegaard's Concepts* Steven M.
