Community Policing Michael Palmiotto, 2011-02 This textbook discusses the role of community oriented policing including the police image public expectations ethics in law enforcement community wellness civilian review boards and what the community can do to help decrease crime rates In addition the author covers basic interpersonal skills and how these might vary according to the race sex age and socioeconomic group with which the officer is interacting Finally students learn how to initiate new programs in a community from the planning process and community involvement to dealing with management and evaluating program success

Police Culture Tom Cockcroft, 2013 Police culture has for over half a century attracted interest from academics students policy makers police institutions and the general public However the literature of this area has proven to be diverse sprawling and prone to contradiction which has led to an enthralling yet intricate body of knowledge that whilst continuing to provoke interest and debate has largely escaped any wider commentary This book provides a comprehensive overview of the area of police culture primarily by situating it in the context of the literature of organisational culture From this starting point the idea of police culture is developed as an occupationally situated response to the uniqueness of the police role and one in which our understanding is at times hindered by the challenges of definitional operational and analytical concerns The book then charts the development of our understanding of the concept through traditional explanations to the contemporary highlighting in turn the tensions that exist between the elements of continuity in the police world and those of change Police culture themes and concepts draws on research from the 1950s to the 21st century from the UK USA and elsewhere to show how the historical trajectory of police work from its early origins through to the late modern present have imbued it with a complexity that is undermined by deterministic explanations that seek to simplify the social world of the police officer This book will be of interest to academics and students studying the sociology of policing as well as criminology

Danger in Police Culture Gráinne Perkins, 2023-12-11 Through ethnographic research in South Africa this book explores the lived experiences of police navigating danger and death

The Future of Policing Jennifer Brown, 2013-10-08 The police service in England

and Wales is facing major challenges in its financing political oversight and reorganisation of its structures Current economic conditions have created a wholly new environment whereby cost saving is permitting hitherto unthinkable changes in the style and means of delivery of policing services In the context of these proposed changes Lord Stevens formerly Commissioner of the Metropolitan Police Service was asked to chair an Independent Commission looking into the future of policing The Commission has a wide ranging remit and the papers in this book offer up to date analysis of contemporary problems from the novel perspective of developing a reform agenda to assist the Commission Bringing together contributions from both key academic thinkers and police professionals this book discusses new policing paradigms lays out a case for an evidence based practice approach and draws attention to developing areas such as terrorism public order and hate crime Policing is too important to be left to politicians as the health of a democracy may be judged by the relationship between the police and the public The aim of this book is to question and present analyses of problems offer new ideas and propose realistically achievable solutions without being so timid as to preserve the status quo It will be of interest to both academics and students in the fields of criminology and policing studies as well as professionals in the policing service NGOs and local authority organisations
