Performing Homer: The Voyage of Ulysses from Epic to Opera Wendy Heller, Eleonora Stoppino, 2019-07-23 The epic poems the Iliad and the Odyssey attributed to Homer are among the oldest surviving works of literature derived from oral performance Deeply embedded in these works is the notion that they were intended to be heard there is something musical about Homer s use of language and a vivid quality to his images that transcends the written page to create a theatrical experience for the listener Indeed it is precisely the theatrical quality of the poems that would inspire later interpreters to cast the Odyssey and the Iliad in a host of other media novels plays poems paintings and even that most elaborate of all art forms opera exemplified by no less a work than Monteverdi s *Il ritorno di Ulisse in patria* In *Performing Homer The Voyage of Ulysses from Epic to Opera* scholars in classics drama Italian literature art history and musicology

explore the journey of Homer's Odyssey from ancient to modern times. The book traces the reception of the Odyssey through the Italian humanist sources from Dante, Petrarch, and Ariosto to the treatment of the tale not only by Monteverdi but also such composers as Elizabeth Jacquet de la Guerre, Gluck, and Alessandro Scarlatti, and the dramatic and poetic traditions thereafter by such modern writers as Derek Walcott and Margaret Atwood. [French XX Bibliography](#) William J. Thompson, 2008-08. This annual French XX Bibliography provides the most complete listing available of books, articles, and book reviews concerned with French literature since 1885. Unique in its scope, thoroughness, and reliability of information, it has become an essential reference source in the study of modern French literature and culture. The bibliography is divided into three major divisions: general studies, author subjects arranged alphabetically, and cinema. Number 59 in the series, contains 12,703 entries. William J. Thompson is Associate Professor of French and Undergraduate and Interdisciplinary Programs in the College of Arts and Sciences at the University of Memphis. [MLA International Bibliography of Books and Articles on the Modern Languages and Literatures](#), 1994. [La lyre, la plume et le temps](#) Aude Locatelli, 2011-05-02. Un double intérêt pour les rapports musique littérature et pour le concept de Bildung à déterminer la comparaison dans le cadre de cet ouvrage de dix romans de formation de langues française et allemande qui se répartissent symétriquement du milieu du XIX^e siècle nos jours. Der arme Spielmann de Franz Grillparzer et Consuelo de George Sand, Gertrud de Hermann Hesse et Jean-Christophe de Romain Rolland, Doktor Faustus de Thomas Mann et La Pêche miraculeuse de Guy de Pourtalès, Der Untergang de Thomas Bernhard, Porporino de Dominique Fernandez, Die Klavierspielerin de Elfriede Jelinek et Tous les matins du monde de Pascal Quignard. Cette étude de synthèse tend à gager au regard d'œuvres qui présentent une réelle densité musico-littéraire, l'évolution et la spécificité du roman de la formation musicale, catégorie littéraire qui est définie par référence aux notions allemandes de Bildungsroman et de Künstlerroman. La culture musicale de romanciers dont la formation en ce domaine a servi pour certains de prototype, l'écriture est en effet l'objet d'une transposition littéraire qui confronte le lecteur la problématique fondamentale des rapports de la musique et du langage. La revendication du statut d'écrivain musicien laquelle s'ajoute l'intertextualité particulière que crée dans ces romans le jeu des références et des citations musicales invitent enfin, notamment au rapprochement analogique des structures musicales et des structures littéraires. **The Camino de Santiago in the 21st Century** Samuel Sánchez y Sánchez, Annie Hesp, 2015-08-11. The Spanish Camino de Santiago, a pilgrimage rooted in the Medieval period and increasingly active today, has attracted a growing amount of both scholarly and popular attention. With its multiple points of departure in Spain and other European countries, its simultaneously secular and religious nature, and its international and transhistorical population of pilgrims, this particular pilgrimage naturally invites a wide range of intellectual inquiry and scholarly perspectives. This volume fills a gap in current pilgrimage studies, focusing on contemporary representations of the Camino de Santiago. Complementing existing studies of the Camino's medieval origins, it situates the Camino as a modern experience and engages interdisciplinary perspectives to

present a theoretical framework for exploring the most central issues that concern scholars of pilgrimage studies today Contributors explore the contemporary meaning of the Camino through an interdisciplinary lens that reflects the increasing permeability between academic disciplines and fields bringing together a wide range of theoretical and critical perspectives cultural studies literary studies globalization studies memory studies ethnic studies postcolonial studies cultural geographies photography and material culture Chapters touch on a variety of genres blogs film graphic novels historical novels objects and travel guides and transnational perspectives Australia the Arab world England Spain and the United States

Subjectivity Dominique Chateau, 2025-10-01 Subjectivity is a central concept in film theory philosophy and cultural studies It was also a key term in the reception of the Nouvelle Vague film movement in France and Italy from the start of 1945 This timely volume explores the ways in which the concept of subjectivity has made its way into film theory history practice and criticism as well as the confrontations of the subject with this rapidly changing medium Contributors to this timely study include Francesco Casetti Gregory Currie Marina Grzinic Maria Klonaris and Katerina Thomadaki Jacinto Lageira Jos Moure Pere Salabert Celine Scemama Karl Sierek Vivian Sobchack and Pierre Taminiaux Their illuminating essays are a testimony to their profound involvement in the subjectivity debate enriching our perception of film history and our understanding of the medium

Francis bulletin signalétique, 1994 **Exotic Subversions in Nineteenth-century French Fiction** Jennifer Yee, 2017-07-05 In the course of the nineteenth century France built up a colonial empire second only to Britain's The literary tradition in which it dealt with its colonial Other is frequently understood in terms of Edward Said's description of Orientalism as both a Western projection and a will to govern over the Orient There is however a body of works that eludes such a simple categorisation offering glimpses of colonial resistance of a critique of imperialist hegemony or of a blurring of the boundaries between the Self and the Other Some of the ways in which the imperialist enterprise is subverted in the metropolitan literature of this period are examined in this volume through detailed case studies of key works by Chateaubriand Hugo Flaubert and Segalen

Women and Pilgrimage in Medieval Galicia Carlos Andres Gonzalez-Paz, 2016-03-03 For many in the Middle Ages pilgrimages were seen to represent a clear risk of moral and religious perdition for women and they were strongly discouraged from making them this exhortation would have been universally disseminated and generally followed except of course in the case of the virtuous extraordinary women such as saints and queens Women and Pilgrimage in Medieval Galicia represents an analysis of the social history of women based on documentary sources and physical evidence

breaking away from literary and historiographical stereotypes while at the same time contributing to a critical assessment of the myth that medieval women were kept hidden away from the world As the chapters here show women and not only those extraordinary women but also women from other social strata became pilgrims and travelled the paths that led from their homes to the most important Christian shrines especially although not exclusively Jerusalem Rome and Santiago de Compostela It can be seen that medieval women were actively involved in this ritualistic expression of devotion piety sacrifice or penitence This situation is thoroughly documented in this multidisciplinary book with emphasis both on the pilgrimages abroad from Galicia and on the pilgrimages to the shrine of St James at Compostela Uncharted Depths Kiera

Vaclavik,2017-12-02 The descent to the underworld is one of our oldest stories It recurs in the most influential texts of early European literature the Odyssey the Aeneid the Inferno and no less so in the classics of children s literature Vaclavik shows that retellings for young readers certainly shift emphases working the legend through transformations of all kinds but also that much of the traditional katabasis story remains firmly in place The critical study of children s literature remains a relatively new field in which such fundamental presences have gone largely unnoticed As Vaclavik demonstrates many novels which remain lively and resonant for adult readers richly repay critical attention And if the incomparable explorer s tales of Jules Verne H Rider Haggard Hector Malot and even Lewis Carroll have proved durable beyond all expectations one reason may be that there is no lure like that of the underworld and none harder to escape Kiera Vaclavik is Lecturer in French and Comparative Literature at Queen Mary University of London Jerusalem, 1000-1400 Barbara Drake Boehm ,Melanie

Holcomb,2016-09-14 Medieval Jerusalem was a vibrant international center home to multiple cultures faiths and languages Harmonious and dissonant voices from many lands including Persians Turks Greeks Syrians Armenians Georgians Copts Ethiopians Indians and Europeans passed in the narrow streets of a city not much larger than midtown Manhattan Patrons artists pilgrims poets and scholars from Christian Jewish and Islamic traditions focused their attention on the Holy City endowing and enriching its sacred buildings creating luxury goods for its residents and praising its merits This artistic fertility was particularly in evidence between the eleventh and fourteenth centuries notwithstanding often devastating circumstances from the earthquake of 1033 to the fierce battles of the Crusades So strong a magnet was Jerusalem that it drew out the creative imagination of even those separated from it by great distance from as far north as Scandinavia to as far east as present day China This publication is the first to define these four centuries as a singularly creative moment in a singularly complex city Through absorbing essays and incisive discussions of nearly 200 works of art Jerusalem 1000 1400 Every People Under Heaven explores not only the meaning of the city to its many faiths and its importance as a destination for tourists and pilgrims but also the aesthetic strands that enhanced and enlivened the medieval city that served as the crossroads of the known world **Jeune public en France : théâtre, marionnettes, danse, théâtre musical** Dominique

This trilingual volume sets out to address the forms of otherness and types of the Other through the example of case studies of European literatures and to look at them from an intercultural perspective The concept of the Other not only varied from epoch to epoch but it was tied to the development of the respective culture Reflection on identity and otherness forms the core of the contributions collected in this volume which focus on texts authors or myths from French German English Polish Russian and Swedish literature from the 16th century until today The selection of texts is intended to demonstrate the complexity and originality of the theme of otherness versus identity in contemporary literary research and to point to its topicality The volume sees itself as the result of comparative studies in which literary researchers discuss selected aspects of identity-forming otherness especially on a narrative level
